The World is a Text: Writing About Visual and Popular Culture Jonathan Silverman, Dean Rader, 2018-04-30

Wherever we look today popular culture greets us with texts that make implicit arguments this book helps students to think and write critically about these texts The World Is a Text teaches critical reading writing and argument in the context of pop culture and visual examples showing students how to read everyday objects and visual texts with basic semiotics The book shows how texts of all kinds from a painting to a university building to a pair of sneakers make complex arguments through their use of signs and symbols and shows students how to make these arguments in their own essays This new edition is rich with images real world examples writing and discussion prompts and examples of academic and student writing The first part of the book is a rhetoric covering argumentation research the writing process and adapting from high school to college writing while the second part explores writing about specific cultural topics Notes instruction and advice about research are woven into the text with research instruction closely tied to the topic being discussed New to the updated compact edition are chapters on fashion sports and nature and the environment

Writing a Research Paper in Political Science Lisa A. Baglione, 2018-12-31 Even students capable of writing excellent essays still find their first major political science research paper an intimidating experience Crafting the right research question finding good sources properly summarizing them operationalizing concepts and designing good tests for their hypotheses presenting and analyzing quantitative as well as qualitative data are all tough going without a great deal of guidance and encouragement Writing a Research Paper in Political Science breaks down the research paper into its constituent parts and shows students what they need to do at each stage to successfully complete each component until the paper is finished Practical summaries recipes for success worksheets exercises and a series of handy checklists make this a must have supplement for any writing intensive political science course New to the Fourth Edition A non causal research paper woven throughout the text offers explicit advice to guide students through the research and writing process Updated and more detailed discussions of plagiarism paraphrases drop ins and transcripts help to prevent students from misusing sources in a constantly changing digital age A more detailed discussion of fake news and disinformation shows students how to evaluate and choose high quality sources as well as how to protect oneself from being fooled by bad sources Additional guidance for writing abstracts and creating presentations helps students to understand the logic behind abstracts and prepares students for presentations in the classroom at a conference and beyond A greater emphasis on the value of qualitative research provides students with additional instruction on how to do it

Moderator-topics ,1916 Health Sciences Literature Review Made Easy Judith Garrard, 2013-05-20 This fourth edition is a text for your nursing research course and provides students with a solid foundation and the tools they need to evaluate articles and research effectively The fourth edition builds on the digital updates made to the previous edition and highlights the Matrix Method and the skills necessary to critically evaluate articles The text also covers Method Maps which

teach students how to effectively construct a research study The author leads students through the process of how to manage a quality literature review in the context of evidence based practice A case study highlighting a typical graduate student is woven throughout the text to illustrate the importance of literature reviews and evidence based practice Health sciences literature review made easy fourth edition is appropriate for graduate level nursing courses as well as undergraduate Nursing Research courses that require literature reviews **Health Sciences Literature Review Made Easy** Garrard,2017 Health Sciences Literature Review Made Easy The Matrix Method Fifth Edition describes the practical and useful methods for reviewing scientific literature in the health sciences Please note that an access code to supplemental content such as Appendix C Data Visualization is not included with the eBook purchase To access this content please purchase an access code at www.jblearning.com/catalog/9781284133943 Drug Topics ,1899 *The Psychology Major's Handbook* Tara L. Kuther,2024-02-19 Research shows that today s students are unique Whether anxious overwhelmed or too busy to ask for help modern students trust and turn to the resources at their fingertips for guidance Tara Kuther created The Psychology Major s Handbook for this purpose to bridge the gap between advisor and manual Created to support and follow along with a student through college this text provides the support of an advisor as students navigate choosing a major learning how to study writing papers and deciding what to do after college Within each chapter Kuther supports learners in applying concepts to their own lives through embedded exercises The updated Sixth Edition encourages students to take an active role in their education and explains all of the ways that students can influence their own college experiences Three individual chapters emphasize academics and cover crucial study and college skills such as writing a review paper and an APA Style empirical paper The final four chapters of the text focus on bachelor s and graduate opportunities to help students to look past graduation Writing (is an Unnatural Act) James C.
