I Robot Valentine:

I Hate Valentine's Day Sonya Sobieski, 2020-01-01 February 14th is approaching and it's Nicole's least favorite day of the year. After all, Valentine's Day is a giant money-making scheme that makes people feel inferior and values who you're with over who you are. Nicole's friends are determined to find a solution to the candy, grams, carnations, and imaginary boyfriends. Perhaps the answer to the madness can be found in the rainforest. An enlightened comedy about realizing you can't hurry love. The script contains detailed options for either virtual or in-person performance. Comedy. One act. 25-30 minutes. 8-20 actors, all female or gender flexible.

The Valentine's Day Project Disaster Gary M. Nelson, 2016-02-14 The biggest problem with success is that people always expect more from you. Amanda stared hard at the folded piece of paper sitting on the desk in front of her, hoping it would just go away. Why did I say yes? She wondered. I must have been crazy. We do a couple projects and now they want me to do this. She cautiously poked at it again with the end of her pencil like it was a bomb about to go off. She flicked at the crumpled edge of the paper, those terrible words hidden just out of sight but taunting her nonetheless. Finally, she could take it no more. She put down the pencil and grasped the paper with shaking hands. Why did I agree to run this thing? What do I know about this stuff anyway? With agonizing slowness, Amanda opened up the paper to once again read those terrible words, the words that she had committed to. The thing she had promised to do. Yes, no problem. Ms. Moldiva. Sure. It'll be fun. In large, bold letters at the top of the crinkled sheet of paper were the words: Wanted Organizer for Valentine's Day School Dance. Amanda's shoulders slumped. It's going to be a disaster. Join the Project Kids in their fourth big adventure as they come together to organize the Valentine's Day dance at A.J. Wilkins Intermediate School. Along with the challenges of tackling their biggest project yet, an age-old question will test them to their limits: Will Cupid strike the Project Kids, or even worse, pass them by? Parent Teacher Note: The fourth project is their biggest one yet, and the most varied and complex. In addition to planning the dance as a project, they will need to learn how to develop relationships and improve their communication skills as they engage with the whole school. They will learn how to positively influence others and some tips on how to face up to bullies along the way.

The Backstagers 2018 Valentine's Day Special #1 James Tynion IV, 2018-02-21 It's Valentine's Day at St. Genesius Prep, and the Backstagers are back in stage blacks for some ROMANTIC adventures in the mysterious world behind the scenes. Featuring bonus tales from a variety of special guests including Brittney Williams, Caitlin Rose Boyle, and Katy Farina. It's the seasons of love for your favorite backstage boys. No, you can't wear pink backstage. Or red. Or glitter. Or cherub wings. Sasha.

Head Case Cole Cohen, 2015-05-19 A spirited, wry, and utterly original memoir about one woman's struggle to make her way and set up a life after doctors discover a hole the size of a lemon in her brain. The summer before she was set to head out of state to pursue her MFA, twenty-six-year-old Cole Cohen submitted herself to a battery of tests. For as long as she could remember, she'd struggled with a series of learning disabilities that made it nearly impossible to judge time and space. Standing at a crosswalk, she couldn't tell you if an oncoming car would arrive in ten seconds or thirty.

if you asked her to let you know when ten minutes had passed she might notify you in a minute or an hour These symptoms had always kept her from getting a driver s license which she wanted to have for grad school Instead of leaving the doctor s office with permission to drive she left with a shocking diagnosis doctors had found a large hole in her brain responsible for her life long struggles Because there aren t established tools to rely on in the wake of this unprecedented and mysterious diagnosis Cole and her doctors and family create them and discover firsthand how best to navigate the unique world that Cole lives in Told without an ounce of self pity and plenty of charm and wit Head Case is ultimately a story of triumph as we watch this passionate loveable and unsinkable young woman chart a path for herself *Valentine's Dream* Sandra

[Cyberbullies](#), [Cyberactivists](#), [Cyberpredators](#) Lauren Rosewarne, 2016-01-25 Written by an expert in media, popular culture, gender, and sexuality, this book surveys the common archetypes of Internet users from geeks, nerds, and gamers to hackers, scammers, and predators and assesses what these stereotypes reveal about our culture's attitudes regarding gender, technology, intimacy, and identity. The Internet has enabled an exponentially larger number of people, individuals who are members of numerous and vastly different subgroups, to be exposed to one another. As a result, instead of the simple jocks versus geeks paradigm of previous eras, our society now has more detailed stereotypes of the undesirable, the under the radar, and the ostracized: cyberperverts, neckbeards, goths, tech nerds, and anyone with a non-heterosexual identity. Each chapter of this book explores a different stereotype of the Internet user with key themes such as gender, technophobia, and sexuality explored with regard to that specific characterization of online users. Author Lauren Rosewarne, PhD, supplies a highly interdisciplinary perspective that draws on research and theories from a range of fields: psychology, sociology, and communications studies, as well as

feminist theory film theory political science and philosophy to analyze what these stereotypes mean in the context of broader social and cultural issues From cyberbullies to chronically masturbating porn addicts to desperate online daters readers will see the paradox in popular culture s message that while Internet use is universal actual Internet users are somehow subpar less desirable less cool less friendly than everybody else Rhapsody Hal Duncan,2014 Acclaimed author and critic Hal Duncan turns his analytic eye towards the development and current state of speculative fiction in American and English writing in the pages of Rhapsody Duncan s trademark wry humor and suffer no fools approach to critiquing the genre will make this book more than a resource for students of the field anyone who enjoys reading tales of the fantastical and strange can find Duncan s insight worthwhile to read again and again
