Classic Book Reviews and Timely Stories Charles J. Scott, 2021-04-07 Classic Book Reviews and Timely Stories By Charles J. Scott We all want to learn from perceptive intelligent and experienced individuals we admire so that we may live better lives ourselves Obviously we need good guidance and a positive influence on our thought processes for this purpose That is why we read great books from knowledgeable sources and listen to our role models Because he likes to reflect on the books he has read and incorporate the favorable impressions they have made on him into his daily activities author Charles Scott developed the habit of writing a series of book reviews and short stories to commemorate the occasion The reviews have provided him with a diving platform or a jumping off point of departure for making sound decisions and evaluating his actions Consequently the resulting stories represent a celebration of the life and times in which he has lived They are meant to celebrate humanity in an otherwise uncertain world throughout the ages **Ian Fleming and James Bond** Edward P. Comentale, Stephen Watt, Skip Willman, 2005-04-20 Shaken not stirred cultural critics look at the many faces of 007 and his creator The Life of Ian Fleming John Pearson, 2011-12-01 From the author of All the Money in the World and The Profession of Violence comes the definitive biography of James Bond's creator Ian Fleming It is now over fifty years since the premiere of Dr No the very first Bond film with Sean Connery introducing 007 as the glamorous secret agent who would become the single most profitable movie character in the history of cinema But James Bond was invented by one man Ian Fleming a wartime intelligence officer and Sunday Times newspaper man who lived to see only the very beginning of the Bond cult Pearson who worked with Fleming at the Sunday Times based this biography on his own memories of Fleming on Fleming's private papers and on a series of interviews with an extraordinary collection of Fleming's contemporaries family friends enemies teachers colleagues mistresses and former spies from around the world First published in 1966 John Pearson's famous biography remains the definitive account of how only Ian Fleming could have dreamed up James Bond for he led a life as colourful as anything in his fiction which in turn became a covert autobiography Charming debonair and a ruthless womaniser globetrotting from wartime Algiers to beachside Jamaica Fleming was as elusive and opaque as his imaginary creation In his new introduction to this edition Pearson examines the extent to which Fleming's character informs the movie portrayals of Bond from Sean Connery through to Daniel Craig and how Bond himself has achieved immortality beyond Fleming's wildest dreams The New York Times Book Review, 1989 Ian Fleming's Secret War Craig Cabell, 2008-10-30 While his extravagant and glamorous lifestyle is well known little has been published concerning Ian Fleming's contribution during the Second World War In the very early days of the War Fleming was earmarked by the Director of Naval Intelligence as his right hand man From the outset he was in the center of events meeting with key political and military figures as well as those of exceptional intelligence experience and courage All this was to give him invaluable background when he came to write the Bond novels The author has uncovered through official documentation private papers and contacts the depth of

Fleming's work in Naval Intelligence Fascinating insights of those he worked with and details of covert trips to Europe and North Africa emerge Fleming was closely associated with 30 Assault Unit a crack team of Commandos who took the fight to the enemy The book reveals both the history of 30 AU and Fleming's role **Antiquarian Book Review**, 2003 **Reviews**
