Introduction to the Air

Transport System Milica Kalić, Slavica Dožić, Danica Babić, 2022-09-29 The book provides deep insights into the operations and business of the air transport system i.e. airlines, airports and ATC/ATM (Air Traffic Control/Management). It reviews activities of the air transport operators, functions and processes as well as the needs and requirements of users and customers in a simple and easy to understand way. A brief description of aviation history, the air transport system development and processes are followed by the elaboration of the aircraft's elements, masses, payload, range, diagrams and balance. The fundamentals of airports and the ATC/ATM service providers and their contribution to the air transport system are also provided. Moreover, the most important elements in the airport and ATC/ATM system are examined and the rules, regulations and simplified approaches to how these systems operate are described. The airlines play an important role in the air transport system as users of the airports and ATC/ATM service providers. Different business models are presented as well as the fundamentals of airline planning, operations and management, including passenger demand, market segmentation, scheduling, tariffs, alliances and frequent flyer programs. Besides passenger transport, the book contains an overview and comprehensive guide of the air cargo transport by addressing the key issues such as the current trends, market characteristics, unit load devices, cargo handling, air cargo documents and transport of different kind of goods: perishable, live human organs, live animals, dangerous, heavy, etc.

International health regulations (2005): state party self-assessment annual reporting tool, 2021-12-14 Article 54 of the IHR request that States Parties and the Director General shall report to the World Health Assembly (WHA) on the implementation of these Regulations as decided by the WHA. In 2008 the WHA through the adoption of Resolution WHA61.2 and later on 2018 with the Resolution WHA71.15 confirmed that that States Parties and the Director General shall continue to report annually to the WHA on the implementation of the International Health Regulations 2005 using the self assessment annual reporting tool. The IHR State Party self assessment annual reporting tool (SPAR) is intended to support State Parties to fulfil these obligations. The submission of IHR Annual Reports using the SPAR tool allows the WHO Secretariat to compile a consistent report for the WHA. The second edition of SPAR 2021 has 15 capacities and 35 indicators compared to 13 capacities and 24 indicators in the previous version used from 2018 to 2020 reporting periods. The summary of results from the annual reports have been used to report to the World Health Assembly since 64th WHA in 2010 and

country profiles have been made available on the e SPAR platform the Strategic Partnership for Health Security and Emergency Preparedness SPH Portal and WHO Global Health Observatory GHO data web page **Air Ticketing and Fare**
