The Conformist Rebellion Elena Louisa Lange, Joshua Pickett-Depaolis, 2022-03-28 With the rise of myriad forms of identity politics which corresponds to a new Trinity Formula of leftist analysis of capitalism class race and gender major currents in the contemporary radical left in the past decades have shifted their aim This book addresses the ideological theoretical and practical dilemmas of the contemporary academic and

activist left from a Marxist standpoint Covering contemporary developments in Left thought and ideology and putting them into social and historical context the chapters provide a theoretical confrontation with the myriad ways it has tended to accommodate itself to neoliberal ideology rather than fundamentally opposing it The contrast between the Marxian emancipatory project and what the progressive left has made of it has never been more glaring than now a time in which capital no longer seems to confront a political barrier It is this predicament that The Conformist Rebellion evaluates for a renewed approach to emancipation from capital
