If We Follow Jesus, He Will Lead Us Out of Christianity and Into Messianic Judaism Donald Werner, 2020-02-03. Beginning around the 4th Century the Christian church accelerated its downhill slide into apostasy. Today the Christian church is nothing at all, what we read about in the Book of Acts and that is because it has set aside Jesus' teachings to follow the teachings of Paul. Jesus' teachings and Paul's teaching are polar opposites and cannot be reconciled regardless of how hard the church tries to gloss over the differences. Today's Christian Church bases its doctrines on Paul's writings to the exclusion of Jesus' words. And because they have set Jesus' words aside they have rejected God's Torah law which Jesus told us to keep and that leads to many other problems. And as a result today the Christian church is divided into hundreds of sects and it is confused and weak. Christians following those corrupt doctrines are lawless which means God does not answer their prayers. Proverbs 28:9 and they worship in vain. Mark 7:7-9. Read this book to learn much more and what we must do to be among the redeemed.

The Minnesota Horticulturist, 1906 **The Contemporary Review**, 1908 **Colossians** David J. Landegent, 2017-06-06. Some people can't see the forest for the trees; they get so bogged down

in details that they lose sight of what it's all about. Others can't see the trees for the forest; they miss the wondrous details all around them. So why not look instead at both the forest and the trees? This commentary on Paul's letter to the Colossians guides you in doing just that. Even though we will be exploring ancient biblical cultures and learning plenty about the Greek language, no prior academic training is needed. Technical terms have been set aside. Instead, with everyday language, we will discover the big picture and revel in the fine details of this stunning letter, amazed by how God is still speaking these same words today to contemporary personal and social challenges. We will not then be tourists rapidly zipping through Colossians as if on a monotonous interstate highway. Instead, we will be hiking our way through this letter, step by step, phrase by phrase, finding joy in God's truth and growing in our faith. Come and join the journey. *We'll Call You If We Need You* Susan Eisenberg, 2018-05-15. A reissue of the 1998 ILR Press edition with a new preface by the author. *Outing and the Wheelman*, 1920. *If We're Together, Why Do I Feel So Alone?* Holly Parker, Ph.D., 2017-01-03. Harvard University lecturer and clinical psychologist Dr. Holly Parker offers a step-by-step guide for coping with emotionally unavailable partners. Living with an emotionally absent partner can be overwhelming. Constantly overcoming the silent distance can leave you with the sense that the give and take in your relationship has disappeared. But even a broken relationship can be reinvigorated. In helping real-world couples achieve a fulfilling future, Harvard University lecturer and clinical psychologist Dr. Holly Parker has developed a program filled with practical exercises and powerful advice for individuals on both sides of an emotionally damaged relationship. In *If We're Together, Why Do I Feel So Alone?* Dr. Parker presents her revelatory insights on topics such as: How to identify unavailable personality types such as the Critic, the Sponge, the Iceberg, the Emotional Silencer, and the Defender. How to create healthy emotional connections and boost physical intimacy. How to eliminate habits that trigger self-sabotaging behavior. With patience, empathy, and willpower, Dr. Parker's program can help you restore balance and peace of mind and turn your damaged partnership back into a rewarding and joyful bond. **The Breathing Sea** E.P. Clark, 2020-04-16. Dasha is a gift. Only she's not very gifted. Both books in the award-winning *Breathing Sea* mini-series in one omnibus edition. Dasha was born at the behest of the gods; her mother's pledge between the world of women and the world of spirits. The Krasnograd kremlin looks to her to rule with fire, steel, and magic, just as her Imperial foremothers did. Instead, she's shy, retiring, and the least magically talented girl her tutors have ever seen. Now that she's almost a woman grown, she needs to learn to harness her gifts, but all she can do is have fits and useless visions. When her father offers to take her on her first journey away from Krasnograd, Dasha jumps at the chance to see her native land. But their journey quickly turns into more than a mere pleasure trip. The wide world is more dangerous than Dasha had imagined, and her rapidly growing gifts may be the most dangerous thing in it. But Dasha is not the only danger in Zem. War is raging on its borders and threatens to spill into Zem itself. No matter which side Dasha's people choose, they may not be able to keep their freedom and their way of life. Dasha may hold the key to protecting Zem, but she may have to lose herself in order to save her people. If you
