The Falklands War Gordon Ramsey, 2009-03-30 In 1982 Argentina rashly gambled that a full scale invasion of the Falkland Islands ownership of which had been disputed with Great Britain for over a century would put an end to years of political wrangling However Britain's response was to immediately dispatch a task force to recover the islands by force if necessary The conflict which followed a formal declaration of war was never given lasted ten weeks from Argentine invasion to British liberation the white heat of battle using 20th century technology contrasting with bitter hand to hand bayonet fighting in inhospitable conditions Eyewitness accounts by the participants of both sides and islanders leave us in no doubt as to the ferocity of the combat on
