Harlem

Good morning, Daddy!

I was born here, he said,
and I've watched Harlem grow,
until colored folks spread
from river to river,

{ all across
the middle of *Manhattan* island,
I've watched us spread.

{ Out of Penn Station
a new Nation,
out of planes from ~~Puerto~~ ^{Puerto} Rico
and ~~the~~ holds of boats, chico,
from Cuba,
Haiti, Jamaica, Panama,
out of busses ~~from~~ *from* Georgia,

→ Florida, Louisiana, ~~marked~~ *marked* NEW YORK
to Harlem, Brooklyn, Bronx, San Juan Hill, *the* ←
but most of all to Harlem

duffy *each* *across* *Manhattan* *island*
If I wonder Does a dream deferred dry up } I've seen them
like a raisin in the sun? } come,
Or fester like a sore — } *Wondering*
or then run? } *wild-eyed*
Does it stink like rotten meat? } *and eager.*
Or crust, and sugar over — } *It*

Black and Brown Gerald Horne,2005-02-01 Honorable Mention for 2005 Gustavus Myers Outstanding Book Award Brings to light the lives of Black Americans living along the Mexican border during and immediately after the Mexican Revolution The Mexican Revolution was a defining moment in the history of race relations impacting both Mexican and African Americans For Black Westerners 1910 1920 did not represent the clear cut promise of populist power but a reordering of the complex social hierarchy which had since the nineteenth century granted them greater freedom in the borderlands than in the rest of the United States Despite its lasting significance the story of Black Americans along the Mexican border has been sorely underreported in the annals of U S history Gerald Horne brings the tale to life in Black and Brown Drawing on archives on both sides of the border a host of cutting edge studies and oral histories Horne chronicles the political currents which created and then undermined the Mexican border as a relative safe haven for African Americans His account addresses Black people s role as Indian fighters the relationship between African Americans and immigrants and the U S government s growing fear of Black disloyalty He also considers how the heavy reliance of the U S on Black soldiers along the border placed white supremacy and national security on a collision course that was ultimately resolved in favor of the latter Mining a forgotten chapter in American history Black and Brown offers tremendous insight into the past and future of race relations along the Mexican border Margaret Bonds John Michael Cooper,2025 Composer pianist teacher and social justice activist Margaret Bonds fought against racism sexism and economic injustice throughout her career amassing a portfolio of social justice compositions unrivalled in eloquence and originality which challenged longstanding barriers between Black and White male and female popular and classical During her lifetime the political economy of music publishing consigned most of her music to manuscript dissemination and since her death despite the enduring popularity of works such as He s Got the Whole World in His Hand and The Ballad of the Brown King her success in transcending the barriers she faced as an African American and a woman has been obscured by the forces of racism and sexism in concert life which together with White and male dominated music historiography have viewed her life and work through the lens of

specious racist and sexist tropes This book draws on an unprecedented mass of archival evidence to set aside those tropes and offer a fresh portrait of Margaret Bonds Examining her published and unpublished music it shows how the child prodigy rose to become the first African American woman whose music was performed widely in Africa one of the first African American women whose music was broadcast on European radio the first African American woman and pianist to perform with a major U S orchestra the second African American woman in classical music to attain full membership in ASCAP the first woman Black or White to win not one or two but three awards from that predominantly White and male organization the lasting musical voice of Langston Hughes and the teacher of other notables including Ned Rorem and Cheryl Wall It thus shows how the confluence of natural genius matrilineal and racial pride faith and support from the community of African American artists intellectuals and institutions enabled Margaret Bonds to become one of the most extraordinary figures in all of twentieth century music In response to the increasing globalization of music the Composers across Cultures series formerly the Master Musicians series seeks to explore the inexhaustible diversity of music and its common links to our shared humanity

Audiotopia Josh Kun, 2005 With Audiotopia Kun emerges as a pre eminent analyst interpreter and theorist of inter ethnic dialogue in US music literature and visual art This book is a guide to how scholarship will look in the future the first fully realized product of a new generation of scholars thrown forth by tumultuous social ferment and eager to talk about the world that they see emerging around them George Lipsitz author of Time Passages Collective Memory and American Popular Culture The range and depth of Audiotopia is thrilling It s not only that Josh Kun knows so much it s that he knows what to make of what he knows Greil Marcus author of Lipstick Traces A Secret History of the 20th Century The way Josh Kun writes about what he hears the way he unravels word sound and power is breathtaking provocative and original A bold expansive and lyrical book Audiotopia is a record of crossings textures tangents and ideas you will want to play again and again Jeff Chang author of Can t Stop Won t Stop A History of the Hip Hop Generation

The Harlem Renaissance in Black and White George Hutchinson, 1995 By restoring interracial dimensions left out of accounts of the Harlem Renaissance or blamed for corrupting it George Hutchinson transforms our understanding of black and white literary modernism interracial literary relations and twentieth century cultural nationalism in the United States

Visualizing Haiti in U.S. Culture, 1910-1950 Lindsay J Twa, 2014-05-28 From the 1910s until the 1950s the Caribbean nation of Haiti drew the attention of many U S literary and artistic luminaries yet while significant studies have been published on Haiti s history none analyze visual representations with any depth This book argues that choosing Haiti as subject matter was a highly charged decision by American artists to use their artwork to engage racial social and political issues Twa scrutinizes photographs illustrations paintings and theatre as well as textual and archival sources

The Black Pacific Narrative Etsuko Taketani, 2014-11-04 The Black Pacific Narrative Geographic Imaginings of Race and Empire between the World Wars chronicles the profound shift in geographic imaginings that occurred in African American culture as the United States

evolved into a bioceanic global power The author examines the narrative of the black Pacific _the literary and cultural production of African American narratives in the face of America s efforts to internationalize the Pacific and to institute a Pacific Community reflecting a vision of a hemispheric regional order initiated and led by the United States The black Pacific was imagined in counterpoint to this regional order in the making which would ultimately be challenged by the Pacific War The principal subjects of study include such literary and cultural figures as James Weldon Johnson George S Schuyler artists of the black Federal Theatre Project Langston Hughes W E B Du Bois and Walter White all of whom afford significant points of entry to a critical understanding of the stakes of the black Pacific narrative Adopting an approach that mixes the archival and the interpretive the author seeks to recover the black Pacific produced by African American narratives narratives that were significant enough in their time to warrant surveillance and suspicion and hence are significant enough in our time to warrant scholarly attention and reappraisal A compelling study that will appeal to a broad international audience of students and scholars of American studies African American studies American literature and imperialism and colonialism

West of Harlem Emily Lutenski, 2023-04-01 Luminaries of the Harlem Renaissance Langston Hughes Jean Toomer Wallace Thurman and Arna Bontemps among others are associated with well Harlem But the story of these New York writers unexpectedly extends to the American West Hughes for instance grew up in Kansas Thurman in Utah and Bontemps in Los Angeles Toomer traveled often to New Mexico Indeed as West of Harlem reveals the West played a significant role in the lives and work of many of the artists who created the signal urban African American cultural movement of the twentieth century Uncovering the forgotten histories of these major American literary figures the book gives us a deeper appreciation of that movement and of the cultures it reflected and inspired These recovered experiences and literatures paint a new picture of the American West one that better accounts for the disparate African American populations that dotted its landscape and shaped the multiethnic literatures and cultures of the borderlands Tapping literary biographical historical and visual sources Emily Lutenski tells the New Negro movement s western story Hughes s move to Mexico opens a window on African American transnational experiences Thurman s engagement with Salt Lake City offers an unexpected perspective on African American sexual politics Arna Bontemps s Los Angeles constructed in conjunction with Louisiana provides a new vision of the Spanish borderlands Lesser known writer Anita Scott Coleman imagines black Western autonomy through domesticity The experience of others like Toomer invited to socialite Mabel Dodge Luhan s circle of artists in Taos present a more pluralistic view of the West It was this place with its transnational and multiracial mix of Native Americans Latina os Anglos and African Americans which buttressed Toomer s idea of a new American race Turning the lens elsewhere Lutenski also explores how Latina o Asian American and Native American western writers understood and represented African Americans in the early twentieth century borderlands The result is a new unusually nuanced and unexpectedly complex view of key figures of the Harlem Renaissance and the borderlands cultures that influenced their art in surprising and important ways

The Poetry

Circuit Peter B. Howarth, 2024-09-17 Live performance has changed poetry more than anything else in the last hundred years it has given poets new audiences and a new economy and it has generated new styles from Imagism to confessional to contemporary Spoken Word But the creative impact that public reading had right through the twentieth century has not been well understood Mixing close listening to archive performances with intimate histories of modernist venues and promoters The Poetry Circuit tells the story of how poets met their audience again and how the feedback loops between their voices the venues and the occasions turned poems into running dramas between poet and listener A nervous T S Eliot reveals himself to be anything but impersonal while Marianne Moore's accident prone readings become subtle ways of keeping her poems in constant redraft Robert Frost used his poems to spar with his fans and rivals while Langston Hughes wrote Ask Your Mama to expose the prejudice circulating in the room as he spoke it The Poetry Circuit also shows how the post war reading boom made new kinds of poetry involving their audience and setting in the performance such as John Ashbery's anti charismatic Poets Theatre Amiri Baraka's documentary soundtracks of the streets or the confessional readings of Allen Ginsberg which shame the listeners more than the poet Covering the first seventy years of the poetry reading The Poetry Circuit demonstrates that there never were page and stage poets the reading simply changed what every modern poet could do

The Making of the New Negro Anna Pochmara, 2011 The Making of the New Negro examines black masculinity in the period of the New Negro Harlem Renaissance which for many decades did not attract a lot of scholarly attention until in the 1990s many scholars discovered how complex significant and fascinating it was Using African American published texts American archives and unpublished writings and contemporaneous European discourses this book focuses both on the canonical figures of the New Negro Movement and African American culture such as W E B Du Bois Booker T Washington Alain Locke and Richard Wright and on writers who have not received as much scholarly attention despite their significance for the movement such as Wallace Thurman Its perspective combines gender sexuality and race studies with a thorough literary analysis and historicist investigation an approach that has not been extensively applied to analyze the New Negro Renaissance

Forgotten Readers Elizabeth McHenry, 2002-10-31 Recovers the history of nineteenth and early twentieth century African American reading societies

Anne Spencer Between Worlds Noelle Morrisette, 2023-02-15 American Girls in Red Russia Julia L. Mickenberg, 2017-04-25 If you were an independent adventurous liberated American woman in the 1920s or 1930s where might you have sought escape from the constraints and compromises of bourgeois living Paris and the Left Bank quickly come to mind But would you have ever thought of Russia and the wilds of Siberia This choice was not as unusual as it seems now As Julia L Mickenberg uncovers in American Girls in Red Russia there is a forgotten counterpoint to the story of the Lost Generation beginning in the late nineteenth century Russian revolutionary ideology attracted many women including suffragists reformers educators journalists and artists as well as curious travelers Some were famous like Isadora Duncan or Lillian Hellman some were committed radicals though more were just intrigued by the Soviet experiment

But all came to Russia in search of social arrangements that would be more equitable just and satisfying And most in the end were disillusioned some by the mundane realities others by horrifying truths Mickenberg reveals the complex motives that drew American women to Russia as they sought models for a revolutionary new era in which women would be not merely independent of men but also equal builders of a new society Soviet women after all earned the right to vote in 1917 and they also had abortion rights property rights the right to divorce maternity benefits and state supported childcare Even women from Soviet national minorities many recently unveiled became public figures as African American and Jewish women noted Yet as Mickenberg s collective biography shows Russia turned out to be as much a grim commune as a utopia of freedom replete with economic social and sexual inequities American Girls in Red Russia recounts the experiences of women who saved starving children from the Russian famine worked on rural communes in Siberia wrote for Moscow or New York newspapers or performed on Soviet stages Mickenberg finally tells these forgotten stories full of hope and grave disappointments
