These conditions, known as the FIDIC rainbow, were the Conditions of Contract for Construction, the so-called Red Book for works designed by the Employer; Plant and Design Build, the so-called Yellow Book for works designed by the Contractor; and EPC Turnkey Projects, the so-called Silver Book for works designed by the Contractor. The first is intended for construction works where the Employer is responsible for the design, as for the previous so-called Red Book, 4th Edition, 1987, with an important role for the Engineer. The other two conditions of contract are intended for situations when the Contractor is responsible for the design. Eileen Chang: The Performativity of Self-Translation Jessica Tsui-yan Li, 2025-06-24 Eileen Chang, The Performativity of Self-Translation by Jessica Tsui-yan Li focuses on the self-translation of Zhang Ailing. Eileen Chang (1920-1995) is one of the most important Chinese writers of the twentieth century. Although self-translation is overlooked in most studies of her work, Chang's literary achievements are attributed in part to her lifelong self-translation of her lived experiences and family sagas, as well as her bilingualism. This book enriches current studies of self-translation by proposing a new hypothesis of theorizing self-translation as a performative act, characterized by its in-betweenness and the aesthetic freedom that the self-translator enjoys, contextualized within larger debates about translation and the specific practice of self-translation in Chinese history in comparison to its Western counterpart
