

The background is a dark, atmospheric illustration of a room. In the center, a large, ornate clock face is visible, featuring several small, framed pictures within its structure. To the left, a chandelier hangs from the ceiling, and a large, dark, possibly stone or metal, object is visible. To the right, a fireplace with a large, ornate mantel is visible. The overall tone is dark and mysterious.

Insinga,2013-02-21 The European Avant Garde Text and Image is an interdisciplinary collection of thirteen essays relating to the study of European Avant Garde movements between 1900 and 1940 The essays cover both literary and artistic subjects across geographical linguistic and disciplinary boundaries Various aspects of the English Irish German French Italian Spanish and Polish avant gardes are explored examining both diverse literary genres such as prose poetry and drama and specific avant garde movements such as Futurism and Surrealism The volume includes a lengthy introductory essay by Prof John J White Emeritus Professor of German and Comparative Literature at King s College London Avant garde studies can be enhanced and developed through dialogue with other disciplines such as translation gender exile and comparative studies Thus the volume is divided into four sections Representations of the Body Translating the Avant Garde Identity and Exile and Comparative Perspectives and the Legacy of the Avant Garde     Architecture in Abjection Zuzana Kovar,2017-11-30 This book marks a turning point in architectural theory by using philosophy to examine the field anew Breaking from the traditional dualism within architecture which presents the body as subject and space as object it examines how such rigid boundaries can be softened Zuzana Kovar thus engages with complementary and complex ideas from architecture philosophy feminist theory and other subjects demonstrating how both bodies and bodily functions relate deeply to architecture Extending philosopher Julia Kristeva s notion of abjection the confrontation of one s own corporeality as something is excreted Kovar finds parallels in the concept of the scaffold Much like living bodies and their products can impact on the buildings that house them old skin cells create dust menstrual blood stains our breath heats and cools surfaces scaffolding is similarly ephemeral and yet not entirely separable from the architecture it supports Kovar shifts the conversation about abjection towards a more nuanced idea of architecture where living organisms building matter space decay and waste are all considered as part of a continual process drawing on the key informing works of thinkers like Gilles Deleuze and Felix Guattari to do this Including a number of experimental projects conducted in the spaces inhabited by the author herself to illuminate the theory at its core the book forms a distinguished and pioneering study designed for practitioners and scholars of architecture philosophy and visual culture alike     **Surrealist women's writing** Anna Watz,2021-01-12 Surrealist women s writing A critical exploration is the first sustained critical inquiry into the writing of women associated with surrealism Featuring original essays by leading scholars of surrealism the volume demonstrates the extent and the historical linguistic and culturally contextual breadth of this writing It also highlights how the specifically surrealist poetics and politics of these writers work intersect with and contribute to contemporary debates on for example gender sexuality subjectivity otherness anthropocentrism and the environment Drawing on a variety of innovative theoretical approaches the essays in the volume focus on the writing of numerous women surrealists many of whom have hitherto mainly been known for their visual rather than their literary production These include Claude Cahun Leonora Carrington Kay Sage Colette Peignot Suzanne C saire Unica Z rn Ithell Colquhoun Leonor Fini Dorothea Tanning and Rikki Ducornet     **John Ashbery and You** John Emil

Vincent, 2007 John Ashbery and You approaches Ashbery's critically neglected recent poetry with an ear to his use of the supremely elastic pronoun you and an eye toward his construction of his books as books. Together these devices produce effects new to Ashbery's oeuvre and offer readers new ways in to his work. John Ashbery and You argues that starting with April Galleons 1987 and reaching an apex in Your Name Here 2000 the poet has been paying increasingly keen and affectionate attention to his readers. Vincent tracks these techniques but above all offers his readers tools to reapproach a dauntingly difficult body of work. Some critics have suggested that Ashbery is producing books too quickly for criticism to keep up or that the later books represent as Vincent summarizes it a kind of logorrhea and therefore don't really register as separate events as much as episodic eruptions of one big volcano which is the Later Ashbery. Vincent contends that critics are not keeping up with Ashbery not so much because it is all of a piece but rather because his work varies so much from volume to volume. Each of the volumes from the latter part of Ashbery's career represents an individual and different poetic project depending precisely on the unit of the book to produce its effects. By showing us that the entry point to Ashbery is not any given individual poem within a volume but the entire volume Vincent gives us a new and productive approach to reading the recent work of one of our most challenging poets.

**A Nomad Poetics** Pierre Joris, 2003-11-05 In his first collection of critical essays Joris maps the success and limitations of contemporary avant garde poetics. This investigation leads him to envision a nomadic poetics as a strategy for new poetic work for translation and fundamentally for an ethics of early 21st century life.
