Egospiritualism

Linda M. Martin Mh.D, Nikolas Martin, 2015-11-13 Before we can transcend our humanity and deepen our spirituality we must transform our ego Many of us are taking steps to embrace a spiritual path and others are unaware that this path exists We all face the same significant obstacle our ego An unconscious imbalanced ego can delay distort disturb or destroy our efforts to transcend the limitations of our humanity and deepen our spiritual consciousness EgoSpiritualism Awakening to Your Human and Divine Self shows us that we must transform and heal our ego not dissolve disown or defeat it in order to merge our humanity and Divinity The result is a more fully and deeply lived human and spiritual experience **Ego: The Inner Compass of Conscious Leadership (How Transactional Analysis Helps You Understand Yourself)** Daniel Sexton, 101-01-01 Ego is a complex and often overlooked aspect of our personality that makes us believe we are superior to others and narrows our focus solely on our desires and expectations While it is easy to claim we do not have an ego it can subtly lead to situations in life where we feel stuck and unhappy You may wonder why you do not feel truly satisfied despite your efforts and achievements why people do not enjoy your company and feel uneasy around you why your relationships lack positivity and harmony or why your workplace is stressful and impedes effective collaboration What you ll learn What s behind the curtain Why your ego is deceptive Why ego has influence over you How to prevent influence of your ego Why ego can prevent us from reaching success Leaders today understand that too much ego can be destructive and can have broad ranging consequences for a team or a company When a leader is operating purely from ego instead of focusing on what s best for the team or the company the focus is often turned to what best satisfies their own personal agenda Although most of us are aware of the damaging impacts that these patterns can have many of us lack the knowledge or awareness to identify our own ego patterns or the strategies to move beyond them *Managing and Negotiating Disagreements* Bhawana Bhardwaj, Dipanker Sharma, 2024-10-28 Managing and Negotiating Disagreements shows how AI can both aid and complicate conflict resolution processes offering readers a nuanced perspective on the intersection of technology and human conflict management **Grow** Michael J. Learn to lead yourself, your people and your organization for great results, 2023-12-20 Putting people first has always been the basis of our success We believe that if we take care of our employees they will take care of our customers and the business will take care of itself Even after the 9/11 terrorist attacks in New York where we went from an occupancy rate of 75 to 5% overnight where our hotels were empty of guests but full of staff putting people first was the our priority Instead of suffering massive layoffs we implemented education programs maintained health benefits and did everything we could to get through the crisis with minimal negative impact on our people In a business like ours and I believe in any other sector we simply cannot be successful unless people are truly committed and happy in their work It is our commitment to create an environment where the unique contributions of our people are valued I believe the fact that Marriott is consistently considered an employer of choice is the result of these efforts Promoting a people first culture starts with leadership Leaders must model the way They must act interact and engage with the people they lead in a way that makes people feel seen heard and valued In *The Mind of the Leader* Rasmus Hougaard and Jacqueline Carter provide a clear path to creating people first organizations It requires leaders to be human first to be mindful selfless and compassionate and in doing so develop the qualities that enable engagement fulfillment and meaning which leads to greater business success If we as leaders are attentive we will know better what really matters to our people We are more present attentive and curious It's not always easy but I know the difference between being present with my people and when I'm not I only have an impact when I am If we as leaders are selfless taking into account the bigger picture rather than our own selfish needs we will model cultures of growth and learning Bill Marriott our executive chairman even now in his eighties always has his ear open He is always seeking the perspective of others rather than blindly following his own beliefs and ideas If we as leaders are compassionate our people will know we are protected As this book clearly describes compassion is not soft and sentimental It is concrete and practical It's about doing the right thing like putting a doctor on staff during the Depression Again if we truly

care about our employees they will truly care for our customers and the business will truly care for itself In many ways the principles in this book run counter to the number of businesses run It inspires me and provides insights to further evolve our culture and put people first And I believe that all leaders and other organizations will benefit greatly from its messages
