Powerful Literacy in the Montessori Classroom Susan Zoll, Natasha Feinberg, Laura Saylor, 2023 Teaching reading successfully requires deep knowledge of the reading process and development as well as the implementation of impactful reading instruction and differentiation This book aligns Montessori didactic materials and pedagogy developed over a century ago with current research on reading development Readers will gain a solid overview of the Montessori philosophy and method specifically those related to reading and language development enabling them to support their practice in today s educational context while inspiring the wider field of education The

authors explain how the Montessori approach is inherently aligned with the Science of Reading in that they are both scientifically based and contain methods that follow a logical systematic and explicit progression of teaching and learning. Montessori education supports instructional differentiation that is cognizant of children's need for independence and highly mindful of literacy and language development. This book provides valuable contributions to all educators implementing Science of Reading and Structured Literacy in their practice and is a must have for Montessori teachers preschool to grade 3 and those that prepare coach and supervise them. Book Features: Aligns the Montessori curriculum to reading research currently known as the Science of Reading. Explains how the Montessori curriculum builds reading skills background knowledge and vocabulary across disciplines. Shows educators how to balance state requirements and standards with maintaining a pedagogy aligned with Montessori principles. Provides descriptions of teaching materials, classroom examples and images. Demonstrates how to use Montessori methods to support multiculturalism and differentiation to meet the needs of diverse students. Includes suggested progressions of development such as phonological awareness that extend lessons using the Moveable Alphabet. Explores multisensory approaches to language and literacy instruction.

Montessori and Early Childhood Susan Feez, 2009-10-16. Early childhood education across the world has been influenced by the pioneering work of Maria Montessori and this book provides a complete overview of Montessori pedagogy and practice. It considers the Montessori approach within the context of early childhood education and care and examines it in the light of new insights from the fields of neuroscience and child development. By helping the reader understand the influence of Montessori on contemporary early years policy and practice, the book outlines ideas relevant to all early years settings and suggests ways for all early childhood educators to apply these ideas in practice. The book looks in detail at the Montessori story: the child as worker and the adult as observer; developing independence and concentration using the senses to build the foundations for learning; early communication and language; early mathematics; cultural knowledge and understanding; Maria Montessori and other early childhood pioneers. Within each chapter are definitions of the key concepts of the Montessori approach, questions for reflection and discussion, activities and suggestions for further reading. This book focuses on the 3 to 6 age range. Susan Feez is a Lecturer in the Faculty of Education at the University of New England, Armidale, Australia.
