**The Elites of Barotseland 1878-1969**

Gerald L. Caplan, 2023-11-15 The Elites of Barotseland 1878 1969 offers a comprehensive political history of Zambia s Western Province focusing on the Lozi people and their interactions with imperial powers especially in the late 19th and early 20th centuries The study traces the political dynamics of Barotseland from the late 1800s highlighting how imperial forces shaped the kingdom s structure as well as the internal power struggles among the Lozi elites It emphasizes the historical significance of Barotseland s integration into Zambia in the 1960s which marked the transformation of a colonial entity into a unified state The work examines the political economic and social structures of Barotseland emphasizing the role of the Lozi ruling elite in shaping the region s destiny The study reveals how the Lozi who had been relatively powerful in their region adapted to European imperialism through indirect rule and how these interactions influenced the formation of a new political and social elite Through detailed accounts of the Lozi kings such as King Mulambwa and later Lewanika as well as the colonial and post colonial political transformations the book discusses the role of elites in both resisting and accommodating imperial power Additionally the study touches on the broader themes of colonialism in Africa examining how economic systems education and social class conflicts played out within Barotseland The rise of secessionist tendencies and the contest for power between various elite factions are also explored in the context of Barotseland s eventual integration into Zambia This book offers a nuanced understanding of the internal politics of Barotseland and its significance in the larger framework of Southern African history making it an important resource for those interested in African political history and the dynamics of colonialism and post colonial state formation This title is part of UC Press s Voices Revived program which

commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1970     *Seeking Imperfection* Evan M. Dolive, 2015-07-31 In March 2013 after seeing an advertising campaign for Victoria's Secret that was targeted especially to younger female demographics and much too sexy Evan Dolive a concerned father and ordained minister wrote an open letter calling for Victoria's Secret and other companies to view girls as human beings not objects What happened next was truly amazing His letter hit a nerve It was viewed numerous times 3.9 million times to be exact and Dolive was interviewed by national news publications and appeared on CNN and Headline News Dolive didn't want his 15 minutes to be in vain So he turned it into a labor of love *Seeking Imperfection* a book that's grounded in biblical insights stories reflection questions and prayers for anyone who believes in empowering children to grow up to value themselves for who they are

*Sweet Liberty* Rebecca Hartkopf Schloss, 2012-02-28 From its founding Martinique played an integral role in France's Atlantic empire Established in the mid seventeenth century as a colonial outpost against Spanish and English dominance in the Caribbean the island was transformed by the increase in European demand for sugar coffee and indigo Like other colonial subjects Martinicans met the labor needs of cash crop cultivation by establishing plantations worked by enslaved Africans and by adopting the rigidly hierarchical social structure that accompanied chattel slavery After Haiti gained its independence in 1804 Martinique's economic importance to the French empire increased At the same time questions arose both in France and on the island about the long term viability of the plantation system including debates about the ways colonists especially enslaved Africans and free mixed race individuals fit into the French nation *Sweet Liberty* chronicles the history of Martinique from France's reacquisition of the island from the British in 1802 to the abolition of slavery in 1848 Focusing on the relationship between the island's widely diverse society and the various waves of French and British colonial administrations Rebecca Hartkopf Schloss provides a compelling account of Martinique's social political and cultural dynamics during the final years of slavery in the French empire Schloss explores how various groups Creole and metropolitan elites petits blancs gens de couleur and enslaved Africans interacted with one another in a constantly shifting political environment and traces how these interactions influenced the colony's debates around identity citizenship and the boundaries of the French nation Based on extensive archival research in Europe and the Americas *Sweet Liberty* is a groundbreaking study of a neglected region that traces how race slavery class and gender shaped what it meant to be French on both sides of the Atlantic     **Vintage Games 2.0** Matt Barton, 2019-05-08 Super Mario Bros Doom Minecraft It's hard to imagine what life would be like today without video games a creative industry that now towers over Hollywood in terms of both financial and cultural impact The video game industry caters to everyone with games in every genre for every conceivable electronic device from dedicated PC gaming rigs and consoles to handhelds mobile phones and tablets

Successful games are produced by mega corporations independent studios and even lone developers working with nothing but free tools Some may still believe that video games are mere diversions for children but today s games offer sophisticated and wondrously immersive experiences that no other media can hope to match Vintage Games 2 0 tells the story of the ultimate storytelling medium from early examples such as Spacewar and Pong to the mind blowing console and PC titles of today Written in a smart and engaging style this updated 2nd edition is far more than just a survey of the classics Informed by hundreds of in depth personal interviews with designers publishers marketers and artists not to mention the author s own lifelong experience as a gamer Vintage Games 2 0 uncovers the remarkable feats of intellectual genius but also the inspiring personal struggles of the world s most brilliant and celebrated game designers figures like Shigeru Miyamoto Will Wright and Roberta Williams Ideal for both beginners and professionals Vintage Games 2 0 offers an entertaining and inspiring account of video game s history and meteoric rise from niche market to global phenomenon Credit for the cover belongs to Thor Thorvaldson

**The Punishment Monopoly** Pem Davidson Buck,2019-11-22 Examines the roots of white supremacy and mass incarceration from the vantage point of history Why asks Pem Davidson Buck is punishment so central to the functioning of the United States a country proclaiming liberty and justice for all The Punishment Monopoly challenges our everyday understanding of American history focusing on the constructions of race class and gender upon which the United States was built and which still support racial capitalism and the carceral state After all Buck writes a state to be a state has to punish bottom line that is what a state and the force it controls is for Using stories of her European ancestors who arrived in colonial Virginia in the seventeenth and eighteenth centuries and following their descendants into the early nineteenth century Buck shows how struggles over the right to punish backed by the growing power of the state governed by a white elite made possible the dispossession of Africans Native Americans and poor whites Those struggles led to the creation of the low wage working classes that capitalism requires locked in by a metastasizing white supremacy that Buck s ancestors with many others defined as white helped establish and manipulate Examining those foundational struggles illuminates some of the most contentious issues of the twenty first century the exploitation and detention of immigrants mass incarceration as a central institution Islamophobia white privilege judicial and extra judicial killings of people of color and some poor whites The Punishment Monopoly makes it clear that none of these injustices was accidental or inevitable that shifting our state sanctioned understandings of history is a step toward liberating us from its control of the present

*Retracing the Past: Since 1865* Gary B. Nash,Ronald Schultz,1990

**Natives Making Nation** Andrew Canessa,2011-08-01 In Bolivia today the ability to speak an indigenous language is highly valued among educated urbanites as a useful job skill but a rural person who speaks a native language is branded with lower social status Likewise chewing coca in the countryside spells inferior indian but in La Paz jazz bars it s decidedly cool In the Andes and elsewhere the commodification of indianness has impacted urban lifestyles as people co opt indigenous cultures for qualities that emphasize the uniqueness of their national culture This

volume looks at how metropolitan ideas of nation employed by politicians the media and education are produced reproduced and contested by people of the rural Andes people who have long been regarded as ethnically and racially distinct from more culturally European urban citizens Yet these peripheral natives are shown to be actively engaged with the idea of the nation in their own communities forcing us to re think the ways in which indigeneity is defined by its marginality The contributors examine the ways in which numerous identities racial generational ethnic regional national gender and sexual are both mutually informing and contradictory among subaltern Andean people who are more likely now to claim an allegiance to a nation than ever before Although indians are less often confronted with crude assimilationist policies they continue to face racism and discrimination as they struggle to assert an identity that is more than a mere refraction of the dominant culture Yet despite the language of multiculturalism employed even in constitutional reform any assertion of indian identity is likely to be resisted By exploring topics as varied as nation building in the 1930s or the chuqila dance these authors expose a paradox in the relation between indians and the nation that the nation can be claimed as a source of power and distinct identity while simultaneously making some types of national imaginings unattainable Whether dancing together or simply talking to one another the people described in these essays are shown creating identity through processes that are inherently social and interactive To sing to eat to weave In the performance of these simple acts bodies move in particular spaces and contexts and do so within certain understandings of gender race and nation Through its presentation of this rich variety of ethnographic and historical contexts Natives Making Nation provides a finely nuanced view of contemporary Andean life

**The Culture and Politics of Populist Masculinities** Outi Hakola, Janne Salminen, Juho Turpeinen, Oscar

Winberg, 2021-04-09 The ideologies and practices of various populist movements are centered on issues of gender especially idealized notions of masculinity Offering cultural political and historical approaches from a range of interdisciplinary and international perspectives The Culture and Politics of Populist Masculinities analyzes articulations and performances that link populism to masculinity In particular the collection studies political participation in the form of public debates media and popular culture The authors emphasize that in order to understand what can be defined as populism we need to look at the culture that it inhabits and the efforts to claim challenge and reclaim the popular Writing from a wide range of international contexts the contributors to The Culture and Politics of Populist Masculinities explore how populist masculinities are articulated and performed whether there is something problematic about a specifically masculine populism and whether there is hope for a pluralist inclusive even progressive form of masculine populism Culture and Politics of Populist Masculinities international range of contributors explore how populist masculinities are articulated and performed whether there is something problematic about a specifically masculine populism and whether there is hope for a pluralist inclusive even progressive form of masculine populism

**Dangerousness, Risk and the Governance of Serious Sexual and Violent Offenders** Karen Harrison, 2012-03-29 Dangerousness Risk and the Governance of Serious Sexual and Violent

Offenders is a fully up to date comprehensive and user friendly guide on dangerous offenders It considers what a dangerous offender is and how such offenders are assessed and classified      *Wanted Women* Deborah Scroggins,2024-05-21 The author of Emma's War offers a compelling account of the link between Muslim women's rights Islamist opposition to the West and the Global War on Terror *Wanted Women* explores the experiences of two fascinating female champions from opposing sides of the conflict Islam critic Ayaan Hirsi Ali and neuroscientist Aafia Siddiqui With Emma's War An Aid Worker A Warlord Radical Islam and the Politics of Oil journalist Deborah Scroggins achieved major international acclaim now in *Wanted Women* Scroggins again exposes a crucial untold story from the center of an ongoing ideological war laying bare the sexual and cultural stereotypes embraced by both sides of a conflict that threatens to engulf the world      *Guinness World Records 2016 Gamer's Edition* Guinness World Records,2015-09-01 The bestselling video games annual is back Bursting with mind blowing records and tantalizing trivia the Guinness World Records 2016 Gamer's Edition is a must have for any gaming fan Whether you're all about the latest first person shooter an app aficionado an MMO master or a die hard retro gamer you'll find show stopping records top 10 roundups quick fire facts and stats and hundreds of amazing new images from all your favorite games What's more brand new for this year's book is a dedicated section just for Minecraft fans with a mega showcase of the greatest construction records in game tips and lots more blocky goodness Plus discover which tech milestones have been smashed in the last year in both software and hardware get all the insider secrets from industry experts and marvel at the players who have leveled up to the very top of the leaderboards Think you can challenge the current champions Look inside to see how to break your very own record Guinness World Records Gamer's Editions have sold a whopping 3 million copies Find out for yourself why it's a game changer      *The State is the Enemy* James Kelman,2023-08-01 Incendiary and heartrending the sixteen essays in *The State Is the Enemy* lay bare government brutality against the working class immigrants asylum seekers ethnic minorities and all who are deemed of a lower order Drawing parallels between atrocities committed against the Kurds by the Turkish State and the racist police brutality and government sanctioned murders in the UK James Kelman shatters the myth of Western exceptionalism revealing the universality of terror campaigns levied against the most vulnerable and calling on a global citizenship to stand in solidarity with victims of oppression Kelman's case against the Turkish and British governments is not just a litany of murders or an impassioned plea it is a cool headed take down of the State and an essential primer for revolutionaries      *Horses and the Aristocratic Lifestyle in Early Modern England* Peter Roger Edwards,2018 Through a study of horses the book reveals how an important and growing aristocratic estate was managed where the aristocrat at the centre of it William Cavendish travelled and how he spent his time and how horses were one of the means by which he asserted his social status      **Mad Dogs and Meerkats** Karen Brown,2011-04-25 Through the ages rabies has exemplified the danger of diseases that transfer from wild animals to humans and their domestic stock In South Africa rabies has been on the rise since the latter part of the twentieth century

despite the availability of postexposure vaccines and regular inoculation campaigns for dogs In *Mad Dogs and Meerkats A History of Resurgent Rabies in Southern Africa* Karen Brown links the increase of rabies to the HIV AIDS epidemic Her study shows that the most afflicted regions of South Africa have seen a dangerous rise in feral dog populations as people lack the education means or will to care for their pets or take them to inoculation centers Most victims are poor black children Ineffective disease control which in part depends on management policies in neighboring states and the diminished medical and veterinary infrastructures in Zimbabwe has exacerbated the problem This highly readable book is the first study of rabies in Africa tracing its history in South Africa and neighboring states from 1800 to the present and showing how environmental and economic changes brought about by European colonialism and global trade have had long term effects *Mad Dogs and Meerkats* is recommended for public health policy makers and anyone interested in human animal relations and how societies and governments have reacted to one of the world s most feared diseases **The Soviet Colossus**

Michael G. Kort, 2019-04-17 *The Soviet Colossus* revisits the turning points in Russia s modern history from the fall of the tsarist regime to the establishment of the Bolshevik dictatorship and Stalinist totalitarianism the reforms and counter reforms of Khrushchev and Brezhnev to the reform program of Mikhail Gorbachev and the resultant collapse of the Soviet Union and from the effort to build a democratic and free market Russia under Boris Yeltsin to the political authoritarianism and the establishment of a state capitalist economy under Vladimir Putin This eighth edition has been revised and updated to cover the latest developments from the Putin administration These revisions include added emphasis on the increasing authoritarian nature of Russia s political system the serious challenges posed by the country s unsolved economic and social problems and the growing tensions between Russia on the one hand and the United States and the European Union on the other as a result of Moscow s aggression against Ukraine Kort combines this updated account with a broad exploration of Russia s political history examining how the Soviet past has been woven into the fabric of the modern Russian state a state which plays such a major assertive role in global affairs but which simultaneously remains an allusive secretive entity With Russia s increasing influence on the global stage and the controversies that often accompany this *The Soviet Colossus* is an invaluable resource for students of history politics and international relations **Standing Soldiers, Kneeling Slaves** Kirk

Savage, 1997 *The United States* originated as a slave society holding millions of Africans and their descendants in bondage and remained so until a civil war took the lives of a half million soldiers some once slaves themselves Historian Kirk Savage explores how that history of slavery and its violent end was recognized in public specifically in the sculptural monuments that dominated streets parks and town squares in 19th century America 67 photos **Germany at War** David T.

Zabecki, 2014-10-28 Written by experts for use by nonexperts this monumental work probes Germany s Genius for War and the unmistakable pattern of tactical and operational innovation and excellence evident throughout the nation s military history Despite having the best military forces in the world some of the most advanced weapons available and unparalleled

tactical proficiency Germany still lost both World Wars This landmark four volume encyclopedia explores how and why that happened at the same time examining Germany as a military power from the start of the Thirty Years War in 1618 to the present day Coverage includes the Federal Republic of Germany its predecessor states and the kingdoms and principalities that combined to form Imperial Germany in 1871 The Seven Years War is discussed as are the Napoleonic Wars the Wars of German Unification including the Franco Prussian War World War I World War II and the Cold War In all more than 1 000 entries illuminate battles organizations leaders armies weapons and other aspects of war and military life The most comprehensive overview of German military history ever to appear in English this work will enable students and others interested in military history to better understand the sociopolitical history of Germany the complex role conflict has played in the nation throughout its history and why Germany continues to be an important player on the European continent

**Irish nationalism and European integration** Katy Hayward, 2013-07-19 How has it been possible for Irish political leaders to actively promote two of the largest challenges to Irish nation statehood the concession of sovereignty to the European Union and the retraction of the constitutional claim over Northern Ireland The author of this book argues that such discourses are integrally connected and what is more embody the enduring relevance of nationalism in modern Ireland As the most comprehensive study to date of official discourse in twentieth century Ireland this book traces the ways in which nationalism can be simultaneously redefined and revitalised through European integration The text begins with an overview of the origins and development of Irish official nationalism It then analyses the redefinition of this nationalism in meeting the challenges to Irish nation statehood posed by the conflict in Northern Ireland and membership of the EU New interpretations of the symbolic and practical importance of the island of Ireland have been central to this process Indeed the genius of the Irish was to employ innovative EU inspired concepts in finding agreement with and within Northern Ireland on the one hand whilst on the other legitimising further European integration through the notion that it furthers traditional nationalist ideals such as Irish unity Thus Irish political leaders were remarkably successful in not only accommodating potent nationalist and pro European discourses but in making them appear complementary An over reliance on this discourse however plus a critical failure to adjust it to the conditions it helped to fashion contributed to the failure of the Yes campaigns in the Irish referendums on the EU Treaties of Nice and Lisbon The book concludes with an assessment of the reasons for these results and argues that the symbiotic relationship between Irish nationalism and European integration can be redeemed for a new era in EU member state relations This book will appeal to any reader with an interest in the changing dynamics of Ireland's relationship with the European Union and with Northern Ireland as well as scholars of discourses on identity territory and governance in Europe

## The Enigmatic Realm of **Elite Wanted Elite Dangerous**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Elite Wanted Elite Dangerous** a literary masterpiece penned with a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of those that partake in its reading experience.
