**Embracing His Syn** A E Via,2019-07-29 Sergeant Corbin Syn Sydney had dedicated his life to becoming the best detective So when he heard there was an opening on the notorious Atlanta Narcotics Task Force he jumped at the chance But what he wasn't ready for was realizing just how lonely he'd made himself when he observed the loving and dedicated relationship between the two men he served under Lieutenant Cashel God Godfrey and Lieutenant Leonidis Day Syn prepared himself to accept his lonely fate until he walked into a small pub and met the long haired tattooed bartender Furious Barkley Before Syn can even understand why he's overcome with feelings he barely recognizes passion yearning craving And if the dark lustful gazes are anything to go by Furious might be feeling the same things for him Just two things need to happen before Syn and Furi can give each other what's been missing from their lives for so long Syn needs to find the evidence that proves Furi's innocence of murder as well as protect him from a past that refuses to let go God Day Ronowski and Johnson are still as entertaining as ever You'll swoon over God's massive take charge attitude You'll laugh hysterically at Day's never ending wit You'll fall in love with Furious mysterious sexy demeanor and You'll embrace Syn

**Assaulted Personhood** Craig C. Malbon,2020-12-14 In 21st century America personhood is under daily assault sometimes with dire consequences Scientist ethicist and ordained minister Craig C Malbon encourages the reader to consider such assaults on personhood endured by victims of abortion ageism Alzheimer's disease drug addiction mental and physical disabilities gender gender orientation racism sexual preference identity politics and our will to power over the other In exploring personhood status Malbon poses difficult questions for us Is personhood assigned as all or nothing or is it a sliding scale based upon criteria arbitrarily aimed at our vulnerabilities Does the voiceless embryo and fetus have advocates who can speak to the moral question of abortion Is the personhood of an economically insecure pregnant woman degraded to the point where lack of access to early termination of pregnancy results in coercive childbearing Does being a member of the LGBTQI community target one for assaults on personhood to the extreme of being killed In delving into the biology and psychology of assaults of self upon the other Malbon sees powerful linkages of everyday assaults on personhood to darker profound original sins that are foundational to the rise of the American empire i.e. assaults on the indigenous Native Americans and assaults derivative to the institution of slavery upon Africans African Americans and their descendants

shocking but was the furious pitch of the response a triumphant indication of how far society has progressed since the days when blackface performers were the toast of vaudeville or was it also an uncomfortable reminder of how deep the chasm still is separating black and white America

**In Racechanges White Skin Black Face in American Culture** Susan Gubar who fundamentally changed the way we think about women's literature as co author of the acclaimed *The Madwoman in the Attic* turns her attention to the incendiary issue of race Through a far reaching exploration of the long overlooked legacy of minstrelsy cross racial impersonations or racechanges throughout modern American film fiction poetry painting photography and journalism she documents the indebtedness of mainstream artists to African American culture and explores the deeply conflicted psychology of white guilt

The fascinating racechanges Gubar discusses include whites posing as blacks and blacks passing for white blackface on white actors in *The Jazz Singer* *Birth of a Nation* and other movies as well as on the faces of black stage entertainers African American deployment of racechange imagery during the Harlem Renaissance including the poetry of Anne Spencer the black and white prints of Richard Bruce Nugent and the early work of Zora Neale Hurston white poets and novelists from Vachel Lindsay and Gertrude Stein to John Berryman and William Faulkner writing as if they were black white artists and writers fascinated by hypersexualized stereotypes of black men and nightmares and visions of the racechanged baby Gubar shows that unlike African Americans who often are forced to adopt white masks to gain their rights white people have chosen racial masquerades which range from mockery and mimicry to an evolving emphasis on inter racial mutuality and mutability Drawing on a stunning array of illustrations including paintings film stills computer graphics and even magazine morphings *Racechanges* sheds new light on the persistent pervasiveness of racism and exciting aesthetic possibilities for lessening the distance between blacks and whites
