The Road to Emmaus Jan Wojcik, 1989 Separate chapters deal with narrative techniques in gnostic literature the reception of Luke's Gospel throughout the ages and the author's own highly sensitive reading of Luke's Gospel He shows how gnostic enlightenment functions in the development of Jesus as a character as well as in his own teaching technique toward his disciples Wojcik demonstrates how the implied author of Luke's Gospel uses these same techniques to withhold information and foster insight in the reader The final chapter isolates the essential differences between canonical and non canonical biblical scholarship and contains an impassioned argument for the value of scholarly analysis of the Bible from a literary standpoint

The Bond of Love: Catholic Teaching on Marriage & Sexual Ethics Willem Jacobus Cardinal Eijk, 2025-09-10 Contemporary attitudes toward marriage family life and human sexuality have undergone profound changes since the mid twentieth century spurred by a host of social and cultural factors Large segments of the population in the West now hold views on marriage and sexual ethics that are very different from the values and norms taught by the Church Indeed Catholic teaching on the truth of marriage and human sexuality is open to strong criticism including among groups of Catholics and seems at best poorly understood In The Bond of Love Willem

Jacobus Cardinal Eijk provides a comprehensive and unflinching account of the Church's teaching on marriage and sexual ethics dispelling misconceptions and elucidating its truth with grace and clarity. As he demonstrates, far from being a set of arbitrary rules that constrain human freedom, this teaching is instead a deep wisdom for human flourishing anchored in the truth of God and man divinely revealed within Scripture Tradition and the Gospel. Eijk first locates Catholic teaching on marriage and sexuality in relation to the currently dominant views in Western society. He follows this with an exposition of the fundamental starting point of the Church's teaching on the nature of marriage and sexuality rooted in theological anthropology. Next discussed is the virtue of chastity, the integration of the sexual faculties into the personality and what it requires of both married and unmarried persons. The volume concludes by addressing practices and circumstances that violate the essence of marriage. This powerful witness to the truth and beauty of Catholic teaching on marriage and sexual ethics is a vital resource for pastors, teachers, and all of the Church's faithful striving to live in the love and communion that is grounded in Christ.

Words Are Eagles Gregory Day, 2022-07-05. A collection of beautiful and moving essays on the wonder of the natural world and the cultural complexities of writing landscape in Australia. Words are Eagles collects in one place the essays of award-winning novelist and nature writer Gregory Day. Grounded in the landscape of southwestern Victoria and infused with the heightened sense of place and environmental literacy that have long been key to Day's work, these essays traverse landscape, language, and histories. Day's attention is tuned both to the beauty of the natural world, returning often to the motifs of ground and sky, ocean and owl, moth and river, and the history of place, whether lost, buried, or personal. In a part a reading and celebration of the resurgent global nature writing movement to which Day was an early contributor, this collection highlights the need for ecological care and value of Indigenous knowledge and practices. This is the kind of nature writing that gets to the heart of our urgent need for a more harmonious and regenerative relationship with the earth that sustains us.

Joseph Ratzinger and the Healing of Reformation-Era Divisions Emery de Gaál, Matthew Levering, 2019-11-01. Edited by Emery de Gaál and Matthew Levering. Joseph Ratzinger and the Healing of Reformation Era Divisions examines Joseph Ratzinger, Pope Benedict XVI's manifold contributions to Catholic-Protestant theological reflection. The collection opens with an introduction comparing Ratzinger's approach to ecumenism to that of Karl Rahner. Rahner argues that the structural uniting of Protestants and Catholics should take place now without worrying about doctrinal differences. In contrast, Ratzinger argues that unity in Christ requires probing the doctrinal differences and seeking a deeper understanding of the reasoning of each side on the grounds that the truth of the Gospel that each side desires to preserve will ultimately be the basis for the only kind of Christian ecclesial unity worth having, namely, a unity of the basis of the truth of the Gospel of Jesus Christ. Detailed essays follow, treating a number of loci including papal primacy, ecumenical principles, liturgy, evangelization, Mariology, Christ's birth and the celebration of Christmas, public theology, Christocentrism, Martin Luther, charity, conscience, missiology, justification, the reception of Ratzinger, Benedict in Radical Orthodoxy, and Scripture and

Tradition These essays run the full gamut of Ratzinger Benedict's major themes and preoccupations Ten of the essays are by Catholic scholars and seven by Protestant scholars Contributors include many of the world's leading Ratzinger experts and the volume opens with an essay by Bishop Rudolf Voderholzer Director of the Pope Benedict XVI Institute in Regensburg Germany

The Ecstasy of Love in the Thought of Thomas Aquinas Peter Kwasniewski, 2021-05-07 Those interested in the concept of ecstasy would be forgiven for assuming that a sober scholastic like St Thomas Aquinas had little place for the idea Yet in this groundbreaking study sure to refine our understanding of the Angelic Doctor Peter Kwasniewski shows that St Thomas contemplates the nature of ecstasy at key stages in the development of his thought and that it plays a crucial role in his doctrine of love After a stimulating study of treatments of ecstasy in ancient philosophy Sacred Scripture and the medieval tradition prior to Aquinas Kwasniewski finds that he can be seen as breathing new life into the concept While his contemporary St Bonaventure for example tended to restrict ecstasy to the soul's union with God St Thomas admitted the place of ecstasy in a variety of human activities Furthermore St Thomas recognized that all love involves ecstatic transcendence whether it be the creature's self-oblation to the Creator the reverence of an inferior for a superior a superior's generosity toward an inferior or the mutual affection and help of equals joined in friendship Love of persons for their own sake generates an ecstatic love in which the self is borne as a gift to another subject by sharing a common life aspiring to common goods Kwasniewski also examines Aquinas on the question of whether or not God experiences ecstasy and if so in what ways The Ecstasy of Love in the Thought of Thomas Aquinas makes a significant contribution to our understanding of the doctrine of love and to the interpretation of the thought of St Thomas Aquinas It is more than an analysis of key texts it is an illuminating guide to the grammar of ecstasy
