Moore, 2010-10-15 Winner 2010 Donald Murphy Prize for a Distinguished First Book American Conference on Irish Studies Renowned as one of the most brilliant satirists ever Jonathan Swift has long fascinated Hibernophiles beyond the shores of the Emerald Isle Sean Moore's examination of Swift's writings and the economics behind the distribution of his work elucidates the humorist's crucial role in developing a renewed sense of nationalism among the Irish during the eighteenth century Taking Swift's Irish satires such as A Modest Proposal and the Drapier's Letters as examples of anticolonial discourse Moore unpacks the author's carefully considered published words and his deliberate drive to liberate the Dublin publishing industry from England's shadow to argue that the writer was doing nothing less than creating a national print media He points to the actions of Anglo Irish colonial subjects at the outset of Britain's financial revolution inspired by Swift's dream of a sovereign Ireland these men and women harnessed the printing press to disseminate ideas of cultural autonomy and defend the country's economic rights Doing so Moore contends imbued the island with a sense of Irishness that led to a feeling of independence from England and ultimately gave the Irish a surprising degree of financial autonomy Applying postcolonial new economic and book history approaches to eighteenth century studies Swift the Book and the Irish Financial Revolution effectively links the era's critiques of empire to the financial and legal motives for decolonization Scholars of colonialism postcolonialism Irish studies Atlantic studies Swift and the history of the book will find Moore's eye opening arguments original and compelling *Copyright and Other Fairy Tales* Helle Porsdam, 2006-01-01 The present state of

copyright law and the way in which it threatens the remix of culture and creativity is a shared concern of the contributors to this unique book Whether or not to remain within the underlying regime of intellectual property law and what sort of reforms are needed if we do decide to remain within this regime are fundamental questions that form the subtext for their discussions
