Shriver,Bobbe Burke,2025-10 Across the United States many institutions are striving to acknowledge and repair oppressive pasts and unequal presents even as Indigenous communities are struggling to reclaim and revitalize the philosophies and knowledges of their elders Our People Believe in Education explores the stories of the Miami Tribe of Oklahoma and Miami University to show how two organizations with almost nothing in common aside from the name Miami have collaborated to support Indigenous language and cultural revitalization Founded in 1809 Miami University is a midsize public university in Oxford Ohio on land that once belonged to the Miami Tribe The Miami Tribe of Oklahoma was like many tribal nations forcibly removed from its homelands and is now headquartered in northeast Oklahoma Cameron M Shriver and Bobbe Burke provide a reflective examination of why a relationship developed between the two entities despite significant geographical and ideological hurdles and how that partnership has evolved since 1972 when Myaamia chief Forest Olds first visited Miami s university campus in his nation s homeland This intimate history of a tribe and a university struggling to reconcile colonial education with Indigenous survival offers a jumping off point for new conversations in and between these two spheres **A new dictionary of the French and English languages compiled from the dictionaries of the French Academy, Bescherelle, Littré, Beaujean, Bourguignon, etc., etc., and from the most recent works on arts and sciences** Ebenezer Clifton,Adrien Grimaux,1889 **The Everyday Leader** Hema Crockett,Michael Crockett,2021-08-24 The Everyday Leader breaks down the 14 Marine Corps Leadership Traits uses actual stories from real military leaders to bring these traits to life before defining and connecting them back to how they apply in the business world and to the everyday leader The Everyday Leader isn t a magic wand to turn people into an incredible leader overnight However it does promise that if the advice that is given is followed and these 14 traits are put into practice and leadership traits are developed then readers will evolve into the type of leader who succeeds in business and in life The Everyday Leader also takes readers behind the curtain of the US Marine Corps and into the lives of the leaders who help protect their freedom every single day Men and women who lead through war and times of peace whose leadership traits and principles are taught from the moment they enter bootcamp and whose values they carry long after they leave the military These 14 leadership traits aren t just concepts these traits are meant to encourage leaders to establish their own leadership traits that convert to actions and

actual strategies to lead confidently in the boardroom and in everyday life Running for Judge Tim Fall, 2020-02-17 You don't often hear of elected officials who are battling mental illness. Social, professional, and political stigma are the problem, yet a quarter of our population has anxiety, depression, or both, and continues to be productive and effective on the job, in their families, and around their communities. This is a mental health memoir, even more than a memoir of a judicial election. Judges, as much as anyone else, carry huge responsibilities. Faith, family, friends, and good medical care are part of the process for addressing mental illness that threatens to interfere with those responsibilities. If you battle mental illness or know someone who does, and you do, statistics show others may try to convince you that mental illnesses like depression and anxiety are all in your head. Tell them this: Of course, mental illness is all in your head. And a heart attack is all in your chest. Go see a doctor either way. This book will help you feel better equipped to tell them that yourself. This book describes various ways your intuition helps you save money, time, and energy in twenty-eight areas of life, including career, finances, health, and relationships. Realistic examples and true intuitive experiences detail how eight intuitive senses guide and protect you each day. Included is her three-step process to ask your intuition questions about any life situation and sense accurate answers. **Last to Rise** Francis Knight, 2013-11-26 The towering vertical city of Mahala is on the brink of war with its neighboring countries. It might be his worst nightmare, but Rojan and the few remaining pain mages have been drafted in to help. The city needs power in whatever form they can get it, and fast. With alchemists readying a prototype electricity generator and factories producing guns faster than ever, the city's best advantage is still the mages. Tapping their power is a risky plan, but with food in the city running out and a battle brimming that no one is ready for, risky is the best they've got. The spectacular conclusion to the adventures of Rojan Dizon, which began with the thrilling fantasy debut *Fade to*
