PLEASE SHARE THIS INFORMATION WITH YOUR RECOMMENDERS!

Recommendation Letter Advice and Instructions for Submission of Letters

- Please submit your Letter of Recommendation electronically as an email attachment to gold@lc.maryetta.edu or academic@lc.maryetta.edu by **7 December 2016**. The letter should be signed and on letterhead. It should be attached as either a WORD or PDF document.
- Letters of recommendation must adhere to the following formatting instructions:
 - Up to 3 pages
 - 1" margins on all sides
 - Arial or Times New Roman font no smaller than 12-point
- **IMPORTANT:** This year, you will not need to upload your letters to the Goldwater application site. Once we receive your finalized letter for any nominated student, I will be uploading the letter to the student's application. **This is a new procedure dictated by the Goldwater Foundation. In the past, your letter is confidential, that is, the applicant will be able to see your letter unless you show it to him/her.**
- Goldwater selection committee readers expect detailed letters that convey the following:
 - Letters should concentrate on the applicant's motivation and potential for a research career. (It is OK for the applicant to be a "nerd"; the applicant's success in your course is assumed).
 - Letters should indicate how the applicant demonstrates that s/he is able to "make meaning from science" — e.g., from learning effective benchmark practices to a commitment to and passion for STEM practices.
 - Applicants who have not engaged in research at the time of application may demonstrate intellectual curiosity in other ways, including discussions with you on research or theory.
 - Applicants may also demonstrate their abilities and potential by meeting significant responsibilities: involvement in STEM student organizations, relevant employment or internships, etc.
 - Letters must speak to/about the applicant's research and be consistent with the applicant's claims throughout his/her application.
 - Letters that compare applicant to others who have gone on to outstanding PhD programs/research careers can be beneficial.
