Genesis By Eduardo Galeano :

Genesis Eduardo Galeano,2014-04-29 An epic work of literary creation There could be no greater vindication of the wonders of the lands and people of Latin America than Memory of Fire The Washington Post Eduardo Galeano s monumental three volume retelling of the history of the New World begins with Genesis a vast chain of legends sweeping from the birth of creation to the era of savage colonialism Through lyrical prose and deep understanding Galeano author of the celebrated Open Veins of Latin America recounts creation myths pre Columbian societies and the brutality of conquest from the Andes to the Great Plains Galeano s project to restore to history breath liberty and the word unfolds as a unique powerful work of literature This daring masterpiece sets the past free weaving a new kind of history from mythology silenced voices and the clash of worlds Genesis is the first book of the Memory of Fire trilogy which continues with Faces and Masks and Century of the Wind

Genesis: Memory of Fire, Volume 1 Eduardo Galeano,2010-08-24 Genesis the first volume in Eduardo Galeano s Memory of Fire trilogy is both a meditation on the clashes between the Old World and the New and in the author s words an attempt to rescue the kidnapped memory of all America It is a fierce impassioned and kaleidoscopic historical experience that takes us from the creation myths of the Makiritare Indians of the Yucatan to Columbus s first joyous moments in the New World to the English capture of New York

Memory of Fire: Genesis Eduardo Galeano,1985 An Latin American eye view of the conquest of the Americas and Latin America divided into two parts In the first are the myths of pre Columbian America in the other the history of America unfolds from the 15th century to 1700 publisher

The Memory of Fire Trilogy Eduardo Galeano,2014-04-29 All three books in the American Book Award winning Memory of Fire Trilogy available in a single volume for the first time Eduardo Galeano s Memory of Fire Trilogy defies categorization or perhaps creates its own It is a passionate razor sharp lyrical history of North and South America from the birth of the continent s indigenous peoples through the end of the twentieth century The three volumes form a haunting and dizzying whole that resurrects the lives of Indians conquistadors slaves revolutionaries poets and more The first book Genesis pays homage to the many origin stories of the tribes of the Americas and paints a verdant portrait of life in the New World through the age of the conquistadors The second book Faces and Masks spans the two centuries between the years 1700 and 1900 in which colonial powers plundered their newfound territories ultimately giving way to a rising tide of dictators And in the final installment Century of the Wind Galeano brings his story into the twentieth century in which a fractured continent enters the modern age as popular revolts blaze from North to South This celebrated series is a landmark of contemporary Latin American writing and a brilliant document of culture
