### **Gentrification A Working Class Perspective:**

*Gentrification* Kirsteen Paton, 2014-10-01 This book reconnects class and the urban through an ethnographically detailed analysis of a neighbourhood undergoing gentrification which historicises class formation critiques policy processes and offers a new sociological insight into gentrification from the perspective of working class residents This ethnography of everyday working class neighbourhood life in the UK serves to challenge denigrated depictions which are used to justify the use of gentrification based restructuring By exploring the relationship between urban processes and working class communities via gentrification it reveals the hidden rewards as well as the hidden injuries of class in post industrial neighbourhoods

**Gentrification** Kirsteen Paton, 2018-02-12 Focusing on the working class experience of gentrification this book re examines the enduring relationship between class and the urban Class is so clearly articulated in the urban from the housing crisis to the London Riots to the evocation of housing estates as the emblem of Broken Britain Gentrification is often presented to a moral and market antidote to such urban ills deeply institutionalised as regeneration and targeted at areas which have suffered from disinvestment or are defined by lack Gentrification is no longer a peripheral neighbourhood process it is policy it is widespread it is everyday Yet comparative to this depth and breadth we know little about what it is like to live with gentrification at the everyday level Sociological studies have focused on lifestyles of the middle classes and the working class experience is either omitted or they are assumed to be victims Hitherto this is all that has been offered This book engages with these issues and reconnects class and the urban through an ethnographically detailed analysis of a neighbourhood undergoing gentrification which historicises class formation critiques policy processes and offers a new sociological insight into gentrification from the perspective of working class residents This ethnography of everyday working class neighbourhood life in the UK serves to challenge denigrated depictions which are used to justify the use of gentrification based restructuring By exploring the relationship between urban processes and working class communities via gentrification it reveals the hidden rewards as well as the hidden injuries of class in post industrial neighbourhoods In doing so it provides a comprehensive sociology of gentrification revealing not only how gentrification leads to the displacement of the working class in physical terms but how it is actively used within urban policy to culturally displace the working class subject and traditional

**Gentrification: A Working-Class Perspective** Kirsteen Paton, 2016-04-22 Focusing on the working class experience of gentrification this book re examines the enduring relationship between class and the urban Class is so clearly articulated in the urban from the housing crisis to the London Riots to the evocation of housing estates as the emblem of Broken Britain Gentrification is often presented to a moral and market antidote to such urban ills deeply institutionalised as regeneration and targeted at areas which have suffered from disinvestment or are defined by lack Gentrification is no longer a peripheral neighbourhood process it is policy it is widespread it is everyday Yet comparative to this depth and breadth we know little about what it is like to live with gentrification at the everyday level Sociological studies

have focused on lifestyles of the middle classes and the working class experience is either omitted or they are assumed to be victims Hitherto this is all that has been offered This book engages with these issues and reconnects class and the urban through an ethnographically detailed analysis of a neighbourhood undergoing gentrification which historicises class formation critiques policy processes and offers a new sociological insight into gentrification from the perspective of working class residents This ethnography of everyday working class neighbourhood life in the UK serves to challenge denigrated depictions which are used to justify the use of gentrification based restructuring By exploring the relationship between urban processes and working class communities via gentrification it reveals the hidden rewards as well as the hidden injuries of class in post industrial neighbourhoods In doing so it provides a comprehensive sociology of gentrification revealing not only how gentrification leads to the displacement of the working class in physical terms but how it is actively used within urban policy to culturally displace the working class subject and traditional

**Business Improvement Districts and the Contradictions of Placemaking** Susanna F. Schaller,2019-07-15 The livable city the creative city and more recently the pop up city have become pervasive monikers that identify a new type of urbanism that has sprung up globally produced and managed by the business improvement district and known colloquially by its acronym BID With this case study Susanna F Schaller draws on more than fifteen years of research to present a direct focused engagement with both the planning history that has shaped Washington D C s segregated landscape and the intricacies of everyday life politics and planning practice as they relate to BIDs Schaller offers a critical unpacking of the BID ethos which draws on the language of

economic liberalism individual choice civic engagement localism and grassroots development to portray itself as color blind democratic and equitable Schaller reveals the contradictions embedded in the BID model For the last thirty years BID advocates have engaged in effective and persuasive storytelling as a result many policy makers and planners perpetuate the BID narrative without examining the institution and the inequities it has wrought as BID urbanism has oiled the urban gentrification machine Schaller sheds light on these oversights thus fostering a critical discussion of BIDs and their collective influence on future urban landscapes

**Class** Will Atkinson, 2023-11-28 Class is not only amongst the oldest and most controversial of all concepts in social science but also a topic which has fascinated amused incensed and galvanized the general public But what exactly is a class How do sociologists study and measure it and how does it correspond to everyday understandings of social difference in the twenty first century In a time when inequality has dramatically returned to the social scientific and political agenda this accessible and lively book explores these questions and more It takes readers through the key theoretical traditions in class research the major controversies that have shaken the field and the continuing effects of class difference class struggle and class inequality across a range of domains This new edition covers the latest research and scholarship and includes extended discussions of race the rise of national populism and the reconfigurations of class in a global age This book will appeal to students and scholars across the social sciences and anyone wanting to get a handle on this provocative concept

**The Practice of Collective Escape** Helen Traill, 2023-09-29 Escape is an enticing idea in contemporary cities across the world Austerity climate breakdown and spatial stigma have led to retreatist behaviours such as gated communities enclave urbanism and white flight By contrast urban community growing projects are often considered by practitioners and commentators as communal havens in a stressful cityscape Drawing on ethnographic research in urban growing projects in Glasgow this book explores the spatial politics and dynamics of community asking who benefits from such projects and how they relate to the wider city A timely consideration of localism and community empowerment the book sheds light on key issues of urban land use the right to the city and the value of social connection

**Being Middle Class in China** Ying Miao, 2016-11-25 Many studies of the Chinese middle class focus on defining it and viewing its significance for economic development and its potential for sociopolitical modernisation This book goes beyond such objective approaches and considers middle class people's subjective understanding and diverse experiences of class Based on extensive original research including social surveys and detailed interviews the book explores who the middle class think they are what they think about a wide range of socioeconomic and sociopolitical issues and why they think as they do It examines attitudes towards the welfare state social inequality nationalism relations with foreign countries and opinions on many social controversies thereby portraying middle class people as more than simply luxury consumers and potential agents of democracy The book concludes that a clear class identity and political consciousness have yet to emerge but that middle class attitudes are best characterised as searching for a balance between old and new the traditional and the foreign the

principled and the pragmatic
