Mann,Albert J J A Scherpbier,John A. Spencer,2011-12-02 Medical Education Theory and Practice is a new text linking the
theory and the practice for graduate students and educators who want to go beyond the basics The scholarship of medical
education is above all a practice but one that has a strong theoretical foundation Neither theory nor practice stand still and
both are grounded in research The novelty of this book lies in its interweaving of practice theory innovation and research The
book starts with a theorised contemporary overview of the field Next it explores the theoretical foundations of medical
education in depth The remainder of the book reviews a whole a range of educational contexts processes and outcomes This
work has been edited by a distinguished international team of medical educationalists and written by equally accomplished
authors from across the globe representing a spectrum of disciplines This will be an invaluable text for all Masters Students
in health professions education as well as PhD students and education researchers wanting a background to the discipline
Educators and medical students will also find it a very useful resource Written by key figures in medical educational research
combined with a strong editorial influence from the international editorial team The text has a strong evidence based
approach that is fully cognisant of research methodology issues The book provides a scholarly explanation on the topic rather
than aiming to say the last word Written throughout in a clear and comprehensible style The content is extensively
referenced with additional suggestions for further reading *Jewish Voice and Opinion December 2011* , *Research in*
