Grade Memo Geography Paper 2 Nov 2014:

Rubble Music Abby Anderton, 2019-07-23 As the seat of Hitler's government Berlin was the most frequently targeted city in Germany for Allied bombing campaigns during World War II Air raids shelled celebrated monuments left homes uninhabitable and reduced much of the city to nothing but rubble After the war's end this apocalyptic landscape captured the imagination of artists filmmakers and writers who used the ruins to engage with themes of alienation disillusionment and moral ambiguity In Rubble Music Abby Anderton explores the classical music culture of postwar Berlin analyzing archival documents period sources and musical scores to identify the sound of civilian suffering after urban catastrophe Anderton reveals how rubble functioned as a literal figurative psychological and sonic element by examining the resonances of trauma heard in the German musical repertoire after 1945 With detailed explorations of reconstituted orchestral ensembles opera companies and radio stations as well as analyses of performances and compositions that were beyond the reach of the Allied occupiers Anderton demonstrates how German musicians worked through cleared away or built over the debris and devastation of the war

From Head Shops to Whole Foods Joshua C. Davis, 2017-08-08 In the 1960s and 70s a diverse range of storefronts including head shops African American bookstores feminist businesses and organic grocers brought the work of the New Left Black Power feminism environmentalism and other movements into the marketplace Through shared ownership limited growth and democratic workplaces these activist entrepreneurs offered alternatives to conventional profit driven corporate business models By the middle of the 1970s thousands of these enterprises operated across the United States but only a handful survive today Some such as Whole Foods Market have abandoned their quest for collective political change in favor of maximizing profits Vividly portraying the struggles successes and sacrifices of these unlikely entrepreneurs From Head Shops to Whole Foods writes a new history of social movements and capitalism by showing how activists embraced small businesses in a way few historians have considered The book challenges the widespread but mistaken idea that activism and political dissent are inherently antithetical to participation in the marketplace Joshua Clark Davis uncovers the historical roots of contemporary interest in ethical consumption social enterprise buying local and mission driven business while also showing how today's companies have adopted the language but not often the mission of liberation and social change
