Hustler S Law:

A Consumer's Guide to Male Hustlers Joseph Itiel, 2014-02-25 A Consumer's Guide to Male Hustlers gives you exciting insight into all you ever wanted to know about hustlers but were too embarrassed to ask. You'll find answers to questions such as where and how to find hustlers, how much to pay them, and how to make it an experience that is satisfying to both parties. Author Joseph Itiel shares with readers his personal experiences and observations describing his dealings with hustlers over a period of about 35 years in many different countries. Throughout A Consumer's Guide to Male Hustlers, Itiel narrates personal anecdotes lending an intimate dimension to his general observations. He describes the hustler scene in the United States and abroad, dispelling many erroneous notions about hustlers by addressing such topics as under what circumstances sex for money arrangements are exploitative, a comparison of male hustlers and female prostitutes, emotional involvement and control between clients and hustlers, the notion that hustlers are only for the wealthy, whether or not hustlers are likely carriers of sexually transmitted diseases, whether or not it is dangerous to pick up hustlers, why hustlers hustle, the differences between street hustlers, models or escorts, and masseurs, legal issues associated with hustling, regular sessions with hustlers as an emotional and libidinal sedative. It is the contention of the author that hustlers are an underused resource in the gay community, especially valuable to those with a vigorous sex appetite but no steady partner. This opportunity is often shunned because potential clients feel guilty about hiring hustlers. The author hopes that by reading this book, you will come to understand that the hustler experience, meeting with hustlers regularly, can be mutually exciting and satisfying for both parties.

Understanding the Male Hustler Sam Steward, 2014-01-09 This book is a serious study of male hustlers using experiential dialogue to introduce the reader to real life concepts and experiences that otherwise could not be effectively conveyed. An intriguing attempt to get into the mind and personality of the male hustler through a largely imagined series of dialogues between a well-known fictional hustler and his so-called amanuensis, Samuel Steward, this unique book covers all aspects of the hustler's motivations, activities, life style, adjustments, advantages, and disadvantages. It accomplishes this dispassionately without prejudgment, moral censure, approbation, or more than cursory involvement. Therapists and counselors in all fields of sexual functioning will find here some understanding of the causes and impulses beyond the popular broken home syndrome that lead young males into prostitution. It signals some of the signposts to danger and serious threats to health that accompany the profession of prostitution and also explains to counselors some of the activities and practices of the male prostitute, enabling them to have a better understanding of the fascination and peril of the hustler's life. The brevity of success in such a calling is also considered with some consideration for the necessity of long-range planning for the hustler's future. Important contents: interview of a well-known hustler, brief look at early male prostitution, Greek Roman Burton's theory, the peacock period, and youth as a prerequisite for hustling, lures of the profession, money, power, other motivations, paths and mechanisms leading to hustling, characteristics of different types of hustlers, types

of clients patronizing hustlers literary illuminations the modus operandi of the male hustler extraordinary dangers confronting the male hustler today the attractiveness of the seeing through of a hustler to past clients quo vadis for the hustler after youth passes Readers will be amazed by the daily hazards and drawbacks as well fascinated by the curiosities and rewards of the hustler's profession Especially of interest to therapists and counselors Understanding the Male Hustler is also valuable for sociologists anthropologists medical specialists psychiatrists psychologists Encyclopedia of Social Deviance Craig J.
