**Cambridge Handbook of Strategy as Practice** Damon Golsorkhi, Linda Rouleau, David Seidl, Eero Vaara, 2010-08-26

The Cambridge Handbook of Strategy as Practice provides a comprehensive overview of an emerging and growing stream of research in strategic management. An international team of scholars has been assembled to produce a systematic introduction to the various epistemological, methodological, and theoretical aspects of the strategy as practice approach. This perspective explores and explains the contribution that strategizing makes to daily operations at all levels of an organization. Moving away from a disembodied and asocial study of firm assets, technologies, and practices, the strategy as practice approach breaks down many of the traditional paradigmatic boundaries in strategy to investigate who the strategists are, what strategists do, how they do it, and what the consequences or outcomes of their actions are. Including a number of detailed empirical studies, the handbook will be an essential guide for future research in this vibrant field. *Global Business and Management Research: An International Journal Vol.2 No.1* Mehran Nejati, 2010-06-10. The Journal of Global Business and Management Research (GBMR) is a quarterly peer-reviewed journal which strives to comply with the highest research standards and scientific research practice. Journals' qualities: Being international and interdisciplinary in scope, GBMR seeks to provide a platform for debate among diverse academic and practitioner communities who address a broad area of business and management issues across the globe. It is currently indexed in a number of prestigious databases including Gale and Ebsco. *Advanced Methods for Human Resource Management Research* Paul Joseph-Richard, 2025-01-03. Understanding and applying research methods is a key skill in human resource management. This new textbook shows how to successfully complete a research project across the HR function. *Advanced Methods for Human Resource Management Research* provides a practice-based approach to planning and implementing research projects. Each chapter focuses on one HRM practice and a Method in Focus feature that shows how a particular method could be used for researching that practice. This enables postgraduate Research Methods students to gain an understanding of how research may be most effectively conducted for different aspects of HR, from recruitment, selection, and people analytics to learning and development, sustainable HRM, and employee wellbeing. This book offers comprehensive guidance on what kinds of questions can be asked and the application of current designs and methods. Readers will learn how to conduct both qualitative and quantitative research, such as interviews and literature reviews, using Big Data, social media, and visuals, as well as creating cross-country designs to engage international participants. It is supported by learning outcomes, real-world examples, discussion questions, and ethical dilemma exercises to develop critical understanding of the material. Online resources include lecturer slides, annotated web links, further reading, and new reflective questions for students. This textbook is written for postgraduate HR students taking Research Methods modules as part of their degree. **Brand Management in Emerging Markets: Theories and Practices** Wang, Cheng Lu, He, Jiaxun, 2014-06-30.
