Cross-Border Region Francis E Hutchinson, Terence Chong, 2016-06-14 Twenty five years ago the governments of
 Singapore Malaysia and Indonesia agreed to jointly promote the city state the state of Johor in Malaysia and the Riau Islands
 in Indonesia Facilitated by common cultural references a more distant shared history and complementary attributes
 interactions between the three territories developed quickly Logistics networks have proliferated and production chains link
 firms based in one location with affiliates or transport facilities in the other territories These cross border links have enabled
 all three locations to develop their economies and enjoy rising standards of living Initially economic in nature the interactions
 between Singapore Johor and the Riau Islands have multiplied and grown deeper Today people cross the borders to work go
 to school or avail of an increasing range of goods and services New political social and cultural phenomena have developed
 Policymakers in the various territories now need to reconcile economic imperatives and issues of identity and sovereignty
 Enabled by their proximity and increasing opportunities families have also begun to straddle borders with resulting questions
 about citizenship and belonging Using the Cross Border Region framework which seeks to analyse these three territories as
 one entity simultaneously divided and bound together by its borders this book brings together scholars from a range of
 disciplines Its 18 chapters and more than 20 maps examine the interaction between Singapore Johor and the Riau Islands
 over the past quarter century and seek to shed light on how these territories could develop in the future **James Farmer**
Jr. Ben Voth, 2017-04-13 James Farmer Jr The Great Debater provides a rhetorical and biographical guide to how the
 American Civil Rights Movement came into being It details James Farmer Jr's intellectual emergence as a young debater at

an HBCU in Marshall Texas and ultimately chronicles how this led to the emergence of the first non violent sit in against segregation in 1942 in Chicago Farmer was a key founder of the Congress of Racial Equality CORE that pioneered the non violent strategies that would later be used by Martin Luther King He debated important figures like Malcolm X to provide a powerful advocacy grounded in the praxis of argumentation Ben Voth demonstrates the ongoing relevance of Farmer s successful debate methodology in resolving contemporary race problems in the 21st century such as Black Lives Matter

The Changing Nature of Religious Rights under International Law Malcolm Evans, Peter Petkoff, Julian Rivers, 2015-03-19 The Declaration on the Elimination of All Forms of Intolerance and of Discrimination Based on Religion or Belief as proclaimed by the United Nations General Assembly in 1981 is the only universal human rights instrument specifically focusing on religious intolerance and discrimination However recent years have seen increasing controversy surrounding this right in both political and legal contexts The European Court of Human Rights has experienced a vast expansion in the number of cases it has had brought before it concerning religious freedom and politically the boundaries of the right have been much disputed This book provides a systematic analysis of the different approaches to religious rights which exist in public international law The book explores how particular institutional perspectives emerge in the context of these differing approaches It examines and challenges these institutional perspectives It identifies new directions for approaching religious rights through international law by examining existing legal tools and assesses their achievements and shortcomings It studies religious organisations support for international human rights protection as well as religious critique of international human rights and the development of an alternative religious Bills of Rights It investigates whether expressions of members belonging to religious minorities can be considered under the minority right to culture rather than the right to religion and discusses the benefits and shortcomings of such a route It analyses the reach and limits of the provisions in the 1981 Declaration identifies ways in which the right is being eroded as a concept and suggests new ways in which the right can be reinforced and protected

The Global Muslim Brotherhood in Britain Damon Perry, 2018-07-17 Since 2011 with the British Government s counter radicalisation strategy Prevent non violent Islamist groups have been considered a security risk for spreading a divisive ideology that can lead to radicalisation and violence More recently the Government has expressed concerns about their impact on social cohesion entryism and women s rights The key protagonists of non violent Islamist extremism allegedly include groups and individuals associated with the Muslim Brotherhood and Jama at i Islami They have been described as part of the global Muslim Brotherhood but do they constitute a singular phenomenon a social movement This book shows that such groups and individuals do indeed comprise a movement in Britain one dedicated to an Islamic revival It shows how they are networked organisationally bonded through ideological and cultural kinship and united in a conflict of values with the British society and state Using original interviews with prominent revivalist leaders as well as primary sources the book also shows how the movement is not so much Islamist in aspiring for an Islamic state but

concerned with institutionalising an Islamic worldview and moral framework throughout society The conflict between the Government and the global Muslim Brotherhood is apparent in a number of different fields including education governance law and counterterrorism But this does not simply concern the direction of Government policy or the control of state institutions It most fundamentally concerns the symbolic authority to legitimise a way of seeing thinking and living By assessing this multifaceted conflict the book presents an exhaustive and up to date analysis of the political and cultural fault lines between Islamic revivalists and the British authorities It will be useful for anyone studying Islam in the West

government counter terrorism and counter extremism policy multiculturalism and social cohesion **Push Back** Judith Large,2016-12-15 In 2009 after decades of conflict the Sri Lankan government proclaimed the decisive defeat of the Liberation Tamil Tigers of Elam Subsequently the state proved resistant to attempts by the UN and other international bodies to promote post war reconciliation or reform In this incisive new work Judith Large investigates the ways in which the Rajapaksa government was able to subvert international diplomatic efforts as well as exploring the wider context of rising Sinhalese nationalism the attendant growth of discrimination against minorities and efforts by both the diaspora and citizens within Sri Lanka to work towards a positive peace Push Back is vital reading not only for those interested in Sri Lanka but also for those concerned about the wider implications of the conflict for human rights peace making and geopolitics **The Rise of Africa's Middle Class** Henning Melber,2016-12-15 Across Africa a burgeoning middle class has become the poster child for the Africa rising narrative Ambitious aspirational and increasingly affluent this group is said to embody the values and hopes of the new Africa with international bodies ranging from the United Nations Development Programme to the World Bank regarding them as important agents of both economic development and democratic change This narrative however obscures the complex and often ambiguous role that this group actually plays in African societies Bringing together economists political scientists anthropologists and development experts and spanning a variety of case studies from across the continent this collection provides a much needed corrective to the received wisdom within development circles and provides a fresh perspective on social transformations in contemporary Africa **The Christmas Truce** Terri Blom Crocker,2015-11-10 Front cover Copyright Contents List of Illustrations Foreword 1 A Candle Lit in the Darkness 2 Absolute Hell 3 A Great Day with Our Enemies 4 No War Today 5 One Day of Peace at the Front 6 That Unique and Weird Christmas 7 The Curious Christmas Truce 8 The Famous Christmas Truce 9 The Legendary Christmas Truce 10 Memories of Christmas 1914 Persist 11 It Was Peace That Won Acknowledgments Notes Bibliography Permissions Index **The Age of Accountability** Dominic Belmonte,2020-05-14 It is clear that American public education has been under assault for more than the last 30 years So much of this current age of accountability has focused on blame both of teachers and those who prepare them Somehow unlike in other professions declarations were made to the effect that anyone could teach better than teachers including business leaders and people from top universities without teacher preparation The Age of Accountability

scrutinizes the attack on teachers through weaponized data While an effective corporate tool to improve bottom line goals its use in education became more sinister and misanthropic International PISA scores imply the mediocre ability of American students fueling a belief that American education needed more than an upgrade The only answer that would placate many was a complete upheaval a redefinition of a teacher and who should be permitted to become one We teachers ceded authority to these business and legislative forces Their subsequent fervor for testing overwhelmed teaching and drove the joy out of schooling for students It is time for a recounting of what has been done to the profession and to our children Young teachers need encouragement and veteran teachers need reminding of their valiant and effective efforts Perfect for courses such as History of Education Assessment in Teacher Evaluation Value Added Metrics Urban Education University Teacher Preparation Teaching and Learning Rankings and the Reshaping of Higher Education Ellen Hazelkorn,2015-03-23 University rankings have gained popularity around the world and are now a significant factor shaping reputation This second edition updates Ellen Hazelkorn s first comprehensive study of rankings from a global perspective drawing in new original research and extensive analysis It is essential reading for policymakers managers and scholars **Paideia** Dr. Joni Nicole McAllister,2024-10-31 Overseer Dr Joni Nicole McAllister was born in Brooklyn New York to the late John Allen McAllister Sr and the late Virginia Scott McAllister She is the second of eight children who grew up in the South Bronx The author currently holds both Associate and Bachelor of Science degrees in Business from Empire State University a Master of Arts in Theological Studies degree from Liberty University a Master of Divinity degree and a Doctor of Ministry degree from Apex School of Theology In her forty years of ministry she has a passion for training associate ministers who are called by God but have little or no adequate ministerial training to address the needs of their congregation or provide support to their senior pastor Joni is the founder of Paideia University located in Greenville North Carolina which assists in training pastors associate ministers and ministry leaders Paideia The Associate Minister s Training Manual is her first book A second book Paideia The Associate Minister s Workbook will be released in 2024 Joni worked as a customer service representative and retired from Verizon Communications after twenty six years of service Joni is the Senior Pastor of Healing Word Ministries which is located in Greenville NC She is an ordained Overseer who serves under the auspices of the Presiding Bishop Tillary Nashaun Burkett and Executive Pastor Krystal Burkett of the Progressive Fellowship of Churches Corona New York Joni loves the Lord and the church where she serves She enjoys fun times with her family and friends gospel music classic black and white movies concerts and traveling Her future goals are to learn to swim and play the violin Joni currently lives in North Carolina Issues in Teaching and Learning of Education for Sustainability Chew-Hung Chang,Gillian Kidman,Andy Wi,2019-09-25 In a fast changing globalising world the teaching and implementation of a curriculum for Education for Sustainability EfS has been a challenge for many teachers Issues in Teaching and Learning of Education for Sustainability highlights the issues and challenges educators and academics face in implementing EfS and gives examples of what an EfS

Buckridge, 2016-07-14 In Caribbean history the European colonial plantocracy created a cultural diaspora in which African slaves were torn from their ancestral homeland In order to maintain vital links to their traditions and culture slaves retained certain customs and nurtured them in the Caribbean The creation of lace bark cloth from the lagetta tree was a practice that enabled slave women to fashion their own clothing an exercise that was both a necessity as clothing provisions for slaves were poor and empowering as it allowed women who participated in the industry to achieve some financial independence This is the first book on the subject and through close collaboration with experts in the field including Maroon descendants scientists and conservationists it offers a pioneering perspective on the material culture of Caribbean slaves bringing into focus the dynamics of race class and gender Focussing on the time period from the 1660s to the 1920s it examines how the industry developed the types of clothes made and the people who wore them The study asks crucial questions about the social roles that bark cloth production played in the plantation economy and colonial society and in particular explores the relationship between bark cloth production and identity amongst slave women
