International Ethics Amstutz:

International Ethics Mark R. Amstutz, 2013-02-21 Now in a comprehensively revised and updated edition *International Ethics* cogently demonstrates that moral values and ethical reasoning are indispensable in global politics Through balanced arguments and a wide ranging selection of case studies Mark R Amstutz convincingly demonstrates that moral norms are an essential element of foreign policy and that ethical analysis is central to the study of international relations Amstutz illustrates the role of moral norms in global politics with twenty five revised and new case studies The cases are focused on eight major global issues political reconciliation human rights war irregular war foreign intervention economic sanctions justice among states and global justice This clearly written study will be of special interest to students and practitioners of international affairs who are concerned with the role of political morality and ethical judgment in global affairs

International Ethics Mark R. Amstutz, 2005 This text presents the concepts theories methods and traditions of ethical analysis and then applies them to case studies in the areas of human rights military force foreign intervention economic statecraft and global political justice

Rules of the Game Mark R. Amstutz, 2015-12-03 Anyone interested in the forces behind globalization terrorism job outsourcing or the price of gas needs at least a fundamental understanding of international relations Using the relevant and accessible metaphor of a game *The Rules of the Game* provides an introductory explanation of international relations The book is broken into three inviting parts First it examines the basics of the international relations game by explaining the nature of the game its players its goals and its strategies Then the book looks at the rules of the game from the perspectives of politics economics law and morality The book ends with a pertinent discussion of the future of the international relations game in the context of globalization Intended for general readers this book provides a succinct jargon free framework for understanding contemporary international relations

African Indigenous Ethics in Global Bioethics Leonard Tumaini Chuwa, 2014-07-08 This book educates whilst also challenging the contemporary schools of thought within philosophical and religious ethics In addition it underlines the fact that the substance of ethics in general and bioethics healthcare ethics specifically is much more expansive and inclusive than is usually thought Bioethics is a relatively new academic discipline However ethics has existed informally since before the

time of Hippocrates The indigenous culture of African peoples has an ethical worldview which predates the western discourse This indigenous ethical worldview has been orally transmitted over centuries The earliest known written African text containing some concepts and content of ethics is the Declaration of Innocence written in 1500 B C found in an Egyptian text Ubuntu is an example of African culture that presents an ethical worldview This work interprets the culture of Ubuntu to explain the contribution of a representative indigenous African ethics to global bioethics Many modern scholars have written about the meaning of Ubuntu for African societies over centuries Some scholars have viewed Ubuntu as the greatest contribution of African cultures to other world cultures None of the scholars however has explored the culture of Ubuntu as providing a representative indigenous ethics that can contribute to global bioethics as discussed in this book

Outlines and Highlights for International Ethics Cram101 Textbook Reviews,2011-05-01 Never HIGHLIGHT a Book Again Virtually all of the testable terms concepts persons places and events from the textbook are included Cram101 Just the FACTS101 studyguides give all of the outlines highlights notes and quizzes for your textbook with optional online comprehensive practice tests Only Cram101 is Textbook Specific Accompanys 9780742556034 *The UN Secretary-General and Moral Authority* Kent J. Kille,2007-10-29 Once described by Trygve Lie as the most impossible job on earth the position of UN Secretary General is as frustratingly constrained as it is prestigious The Secretary General s ability to influence global affairs often depends on how the international community regards his moral authority In relation to such moral authority past office holders have drawn on their own ethics and religious backgrounds as diverse as Lutheranism Catholicism Buddhism and Coptic Christianity to guide the role that they played in addressing the UN s goals in the international arena such as the maintenance of international peace and security and the promotion of human rights In The UN Secretary General and Moral Authority contributors provide case studies of all seven former secretaries general establishing a much needed comparative survey of each office holder s personal religious and moral values From Trygve Lie s forbearance during the UN s turbulent formative years to the Nobel committee s awarding Kofi Annan and the United Nations the prize for peace in 2001 the case studies all follow the same format first detailing the environmental and experiential factors that forged these men s ethical frameworks then analyzing how their inner code engaged with the duties of office and the global events particular to their terms Balanced and unbiased in its approach this study provides valuable insight into how religious and moral leadership functions in the realm of international relations and how the promotion of ethical values works to diffuse international tensions and improve the quality of human life around the world

Just Immigration Mark R. Amstutz,2017-05-01 Few issues are as complex and controversial as immigration in the United States The only thing anyone seems to agree on is that the system is broken Mark Amstutz offers a succinct overview and assessment of current immigration policy and argues for an approach to the complex immigration debate that is solidly grounded in Christian political thought After analyzing key laws and institutions in the US immigration system Amstutz

examines how Catholics evangelicals and main line Protestants have used Scripture to address social and political issues including immigration He critiques the ways in which many Christians have approached immigration reform and offers concrete suggestions on how Christian groups can offer a more credible political engagement with this urgent policy issue

Grace and Global Justice Richard Gibb, 2006-10-18 What does it mean for the twenty first century church to conceive of itself as a community defined by the covenant of grace Grace and Global Justice explores the ramifications of this central Christian doctrine for the holistic mission of the church in the context of a globalized world **The Rights of Strangers**

Georg Cavallar, 2017-07-05 This study investigates the thinking of European authors from Vitoria to Kant about political justice the global community and the rights of strangers as one special form of interaction among individuals of divergent societies political communities and cultures Taking an interdisciplinary approach it covers historical material from a predominantly philosophical perspective interpreting authors who have tackled problems related to the rights of strangers under the heading of international hospitality Their analyses of the *civitas maxima* or the *societas humani generis* covered the nature of the global commonwealth Their doctrines of natural law *ius naturae* were supposed to provide what we nowadays call theories of political justice The focus of the work is on international hospitality as part of the law of nations on its scope and justification It follows the political ideas of Francisco de Vitoria and the Second Scholastic in the 16th century of Alberico Gentili Hugo Grotius Samuel Pufendorf Christian Wolff Emer de Vattel Johann Jacob Moser and Immanuel Kant It draws attention to the international dimension of political thought in Thomas Hobbes John Locke Jean Jacques Rousseau David Hume Adam Smith and others This is predominantly a study in intellectual history which contextualizes ideas but also emphasizes their systematic relevance *Key Concepts in International Relations* Thomas Diez, Ingvild Bode, Aleksandra

Fernandes da Costa, 2011-04-27 International relations is a vibrant field of significant growth and change This book guides students through the complexities of the major theories of international relations and the debates that surround them the core theoretical concepts and the key contemporary issues Introduced by an overview of the discipline's development and general structure the more than 40 entries are broken down as follows Parts one and two introduce the key theories and each chapter includes A broad overview A discussion of methodologies A review of empirical applications A guide to further reading and useful websites Part three discusses the major concepts and for each concept provides An introduction to the core questions An overview of the definitions and theoretical perspectives A review of empirical problems Links to other entries further reading and useful websites Clear and highly readable *Key Concepts in International Relations* is an essential guide for students on politics and international relations courses **Globalism and Comparative Public Administration**

Jamil Jreisat, 2011-08-29 Globalization rapidly evolving communication and information technology and the spread of democracy across the world are reshaping public organizations and changing governance Yet graduate students and public administration academics have limited resources with which to develop a real world understanding of the conceptual

evolution and the changing contextual relationships in the field Helping to fill this void Globalism and Comparative Public Administration examines comparative public administration from the 1960s to the present providing an integrated and realistic view of the comparative perspective and its rationale It explores the development and contributions of the comparative approach and explains how it is essential for developing the depth and breadth needed to transform public administration to a global field of learning and practice Building on the success of the 2002 edition the book covers new topics and offers expanded discussions on globalism governance and global ethics From classic models to novel concepts and practices this volume provides an exhaustive view of the development of the comparative perspective and its contributions of practical administrative knowledge that are applicable beyond national boundaries

Precision-guided Munitions and Human Suffering in War James E. Hickey, 2016-04-08 James Hickey proceeds from the premise that throughout history humans have demonstrated a proclivity for using violence against one another as a means to achieve an end means enabled in many respects by the technologies available at the time Advancing technology has often been a prime enabler of ever increasing levels of violence and attendant human suffering At a few junctures in history however certain technologies have seemingly provided the armed forces that possess them the ability to fight wars with decreasing levels of violence and suffering Today precision guided munitions PGMs with their high degree of discrimination and accuracy again hold such promise This book seeks to answer the question Do PGMs mitigate suffering in war and have these weapons changed the way decisions regarding war and peace have been made Answering this question helps us understand possible shifts in emphasis in modern warfare both in terms of methods employed and of the greater concern placed on limiting human suffering during conflict This book will help students of ethics just war and military history and senior military and civilian leaders to understand the possible outcomes and wider implications of their strategic choices to use such technology

The Ethics of Foreign Policy David B. MacDonald, Robert G. Patman, 2016-03-23 This ground breaking volume considers the ethical aspects of foreign policy change through five interrelated dimensions conceptual security economic normative and diplomatic Defining ethics and what an ethical foreign policy should be is highly contested The book includes many very different viewpoints to reflect the strong divergence of opinion on such issues as humanitarian intervention free trade the doctrine of preemption political corruption and human rights The thematic approach provides this volume with a clear organizational structure giving readers a balanced overview of a number of important conceptual and practical issues central to the ethical analysis of states conduct and foreign policy making An impressive group of international scholars and practitioners including a New Zealand Foreign Minister a US National Security Advisor and an ICJ Justice makes this volume ideally suited to courses on international relations security studies ethics and human rights philosophy media studies and international law

Precision-guided Munitions and Human Suffering in War Dr James E Hickey, 2012-10-28 James Hickey proceeds from the premise that throughout history humans have demonstrated a proclivity for using violence against one another as a

means to achieve an end means enabled in many respects by the technologies available at the time Advancing technology has often been a prime enabler of ever increasing levels of violence and attendant human suffering At a few junctures in history however certain technologies have seemingly provided the armed forces that possess them the ability to fight wars with decreasing levels of violence and suffering Today precision guided munitions PGMs with their high degree of discrimination and accuracy again hold such promise This book seeks to answer the question Do PGMs mitigate suffering in war and have these weapons changed the way decisions regarding war and peace have been made Answering this question helps us understand possible shifts in emphasis in modern warfare both in terms of methods employed and of the greater concern placed on limiting human suffering during conflict This book will help students of ethics just war and military history and senior military and civilian leaders to understand the possible outcomes and wider implications of their strategic choices to use such technology

Genocide Or Ethnocide, 1933-2007 Bartolomé Clavero,2008 International Law and Diplomacy Charles Chatterjee,2013-10-31 In this work the author explores the subjects of sovereignty diplomacy and the function of diplomats diplomatic missions protocol ethics in diplomacy the role of Ministries of Foreign Affairs intergovernmental conferences and the United Nations It includes a useful glossary of over sixty essential terms such as Calvo Doctrine Extradition Rapporteur and Uti Possidetis Juris clearly relates the conduct of diplomacy to the principles of international law This volume will appeal to graduate and undergraduate students studying diplomacy public administration and international relations courses as well as practising diplomats international organization and foreign ministry officials and those who have regular dealings with them

Global Violence Eric A Heinze,2016-01-08 What does it mean to say that a particular war is just or unjust that terrorism is always wrong or that torture can sometimes be morally justified What are the moral bases for the possession or use of nuclear weapons intervening in other countries civil wars or being a bystander to genocide Such questions take us to the heart of what is morally right and wrong behaviour in our world Global Violence Ethical and Political Issues provides readers with the analytical tools to better understand the suppositions that underlie the debates about such questions as well as advances its own reasoned and informed ethical analyses of these topics The book engages different normative approaches from the fields of ethics political theory and international relations and uses them to examine a set of case studies on the subjects of inter state and civil war nuclear weapons terrorism torture and genocide

The Future of U.S. Public Diplomacy Kathy Fitzpatrick,2009-10-26 Public diplomacy has never been more important in international relations Yet public diplomacy s future as a valued national resource and a respected profession is far from certain Lingering historical misperceptions and contemporary debate regarding public diplomacy s role and value in protecting and advancing national and international interests threaten public diplomacy s advancement on both fronts Grounded in public relations theory and steeped in common sense this book advances the global debate on public diplomacy s future by documenting the intellectual and practical development of public diplomacy in the United States and analyzing

key challenges ahead The author s fresh perspective provides compelling insights into public diplomacy s purpose and value the conceptual foundations of the discipline and principles of strategic practice Based on extensive primary and secondary research including a comprehensive survey of veteran U S public diplomats the book reveals lessons learned from the U S experience in public diplomacy that will be critical in determining public diplomacy s fate in the United States and throughout the world

Thank you enormously much for downloading **International Ethics Amstutz**. Maybe you have knowledge that, people have seen numerous times for their favorite books following this International Ethics Amstutz, but end occurring in harmful downloads.

Rather than enjoying a fine ebook subsequent to a cup of coffee in the afternoon, otherwise they juggled when some harmful virus inside their computer. **International Ethics Amstutz** is reachable in our digital library an online right of entry to it is set as public appropriately you can download it instantly. Our digital library saves in multipart countries, allowing you to acquire the most less latency epoch to download any of our books with this one. Merely said, the International Ethics Amstutz is universally compatible behind any devices to read.
