Comparative Politics of Transnational Climate Governance Liliana B. Andonova, Thomas N. Hale, Charles B.

Roger, 2019-12-18 Following the 2015 Paris climate agreement the global politics of climate change depends more than ever on national climate policies and the actions of cities businesses and other non state actors as well as the transnational governance networks that link them The Comparative Politics of Transnational Climate Governance sheds new light on these critical trends by exploring how domestic political economic and social forces systematically shape patterns of non state actor participation in transnational climate initiatives The book develops a common conceptual framework and uses a unique data set to explore the interplay between transnational and domestic politics and how these interactions shape the incentives and modalities of participation in transnational governance The contributing chapters explore the role of cities non governmental organizations companies carbon markets and regulations as well as broader questions of effectiveness and global governance Bringing together some of the foremost experts in the field of global governance and environmental politics this book significantly advances our understanding of transnational governance and provides new insights for policymakers seeking to address the problem of climate change This book was originally published as a special issue of International Interactions

Academic Leadership Marmar Mukhopadhyay, 2023-03-28 This book provides contemporary knowledge on school effectiveness and proposes strategic interventions for enhancing it It focuses on improving academic leadership for enhancing the effectiveness of schools and discusses how national education policies are helpful in providing a vision towards improving school effectiveness It highlights the role of teachers as academic leaders in the implementation of policy recommendations at school and classroom levels It offers methods and mechanisms for academic leaders to measure the learning of students for school assessment The author also discusses how academic leadership involves creating a vision and mission based on science and research data for the organisation inspiring innovation and creative ideas developing teamwork and a safe environment for staff to express their views While providing an understanding of school as an

organization the volume outlines its management functions such as processes and quality of planning management of curriculum learner evaluation institutional networks and human resource management among others The volume is a guidebook for training and capacity building for school level practitioners and leaders in education management Embedded with real life cases and episodes this volume will be of interest to teachers students and practitioners of education management and education management It will also be useful for academicians educationalists practitioners management professionals educational leaders and policymakers

North Korea in the World Economy Eun Kwan Choi, E. Han Kim, Yesook Merrill, 2003-08-29 Mention North Korea to people today and they will conjure up many unflattering images particularly in the wake of George W Bush denouncing the state as part of an axis of evil Despite this cold war type rhetoric the state of North Korea has begun to recognise the difficult challenges that it faces and is now trying to get to grips with them systematically This book brings together a selection of many of the world experts on the North Korean economy and covers such important issues as possible unification with South Korea the significance of China's economic success Europe and the United States roles in North Korea North Korea in the World Economy provides an accessible well written and comprehensive account of this unique country and its economy It will be extremely interesting not only for students and academics with an interest in Korean studies international finance and transition economies but also for anyone with an interest in international economics

Emerging Issues in International Business Research Masaaki Kotabe, Preet S. Aulakh, 2002 Contributors in international business multinational management and marketing examine current research in international business from an issue oriented approach rather than a functional approach Themes are the macro environment interactions between business and institutions and competition and strategy Some topics discussed include regional integration cultural and financial globalization intellectual property protection and multilateral agencies Business groups international acquisitions and alliances and the impact of the Internet on international business are also examined Material originated at the April 2000 International Business Research Forum Annotation copyrighted by Book News Inc Portland OR

Yearbook of International Organizations, 1967 Beginning in 1983 84 published in 3 vols with expansion to 6 vols by 2007 2008 vol 1 Organization descriptions and cross references vol 2 Geographic volume international organization participation vol 3 Subject volume vol 4 Bibliography and resources vol 5 Statistics visualizations and patterns vol 6 Who's who in international organizations From year to year some slight variations in naming of the volumes
