*Standardisation Vs. Adaptation - International Marketing in Service Firms* Christian Wolf, Sofie Hildingsson, Patrick van der Honing, 2011-07 Seminar paper from the year 2002 in the subject Business economics Marketing Corporate Communication CRM Market Research Social Media grade 8 von 10 P J nk ping International Business School course International Marketing 16 entries in the bibliography language English abstract 1 Introduction Within the course International Marketing the third project deals with academic research in international marketing and internationalisation We have chosen to focus on the inter national dimension of standardisation versus adaptation in service marketing We will mainly discuss four typologies of services by McLoughlin Johansson 1990 Ikechi international strategies scale and diversity etc Not all services are the same Glob , **Globalization and Its Managerial Implications** C. Rao, 2000-11-30 Globalization is a force with a strong analyzable impact on management practices Rao and his contributors explore its implications and show how globalization s impacts differ by sector and region of the world Taking a comprehensive and integrated approach to the managerial implications of globalization they report research on six groups of critical issues the environmental micromanagement the exporter importer interaction market communications sectoral management and regional management Academicians and executive policy makers concerned with the internationalization of business will find the book of special importance It may also be used as a text supplement in graduate courses in international business and marketing Rao s contributors focus primarily on the managerial implications of the globalization process that are of most concern to management today Combining conceptualization with empirical research they show how pervasive is the environmental force of globalization and focus on such up to date concerns as relationship marketing and the complex issues of importer exporter interaction The result is a useful insight into the interaction processes that govern international trading The contributors focus too on the unique impacts of globalization on information technologies the services industry and small and medium sized firms They also investigate the phenomena of newly emerging markets struggling to embrace free market systems and identify the challenges and opportunities these markets offer and how distinctly different they are from one market to another **The Routledge Handbook of Service Research Insights and Ideas** Eileen Bridges, Kendra Fowler, 2020-04-02 The Routledge Handbook of Service Research Insights and Ideas offers authoritative coverage of current scholarship in the expanding discipline of service research Original chapters from the world s leading specialists in the discipline explore foundations and innovations in services highlighting important issues relating to service providers customers and service design The volume goes beyond previous publications by drawing together material from different functional areas including marketing human resource management and service process design and operations These topics are important in helping readers become knowledgeable about how different functional areas interact to create a successful customer experience This book is ideal as a first port of call for postgraduate students desiring to get up to speed quickly in

the services discipline It is also a must read for academics new to services who want to access cutting edge research The Routledge Companion to Business in Africa Sonny Nwankwo, Kevin Ibeh, 2014-07-25 Although the world's poorest inhabited continent Africa has recently shown signs of being a source of economic growth in the coming decades with increased foreign investment notably from China and huge growth in GDP from a number of African states In contrast to the heaving weight of books focusing on business opportunities in Asia Eastern Europe and Latin America Africa has been poorly served by academic publishing This compendium of scholarship offers cutting edge knowledge relating to business in Africa The objectives of this collection include To shed new light on the socio cultural and historical underpinnings of business practice in Africa and their implications for promoting entrepreneurship and business behaviour in the region To consider the important constraints on business activities in Africa and the emerging best practice for redressing their real and potential impacts To facilitate a better understanding of contemporary business practice in Africa through the application of relevant theories and models including emergent ones The Routledge Companion to Business in Africa is a comprehensive reference resource that provides the perfect platform for embarking on research and study into Africa from the business perspective
