An Internet for the People Jessa Lingel, 2022-06-14 How craigslist champions openness democracy and other vanishing principles of the early web Begun by Craig Newmark as an e mail to some friends about cool events happening around San Francisco craigslist is now the leading classifieds service on the planet It is also a throwback to the early internet The website has barely seen an upgrade since it launched in 1996 There are no banner ads The company doesn t profit off your data An Internet for the People explores how people use craigslist to buy and sell find work and find love and reveals why craigslist is becoming a lonely outpost in an increasingly corporatized web Drawing on interviews with craigslist insiders and ordinary users Jessa Lingel looks at the site s history and values showing how it has mostly stayed the same while the web around it has become more commercial and far less open She examines craigslist s legal history describing the company s courtroom battles over issues of freedom of expression and data privacy and explains the importance of locality in the social relationships fostered by the site More than an online garage sale job board or dating site craigslist holds vital lessons for the rest of the web It is a website that values user privacy over profits ease of use over slick design and an ethos of the early web that might just hold the key to a more open transparent and democratic internet

Popobawa Katrina Daly Thompson,2017-02-06 Bravely takes on not the legendary shapeshifting creature spoken about sporadically on the Swahili coast of Tanzania but rather popobawa discourse The Journal of Modern African Studies Since the 1960s people on the islands off the coast of Tanzania have talked about being attacked by a mysterious creature called Popobawa a shapeshifter often described as having an enormous penis Popobawa s recurring attacks have become a popular subject for stories conversation gossip and humor that has spread far beyond East Africa Katrina Daly Thompson shows that talk about Popobawa becomes a tool that Swahili speakers use for various creative purposes such as subverting gender segregation advertising homosexuality or discussing female sexuality By situating Popobawa discourse within the social and cultural world of the Swahili Coast as well as the wider world of global popular culture Thompson demonstrates that uses of this legend are more diverse and complex than previously thought and provides insight into how women and men communicate in a place where taboo prohibition and restraint remain powerful cultural forces While Popobawa surely belong to one of the most interesting African legends Katrina Daly Thompson instead of asking where the story originated asks about how people talk about this trickster and what these conversations really mean Claudia Boehme University of Trier A well researched and well documented addition to the body of knowledge on local legends and their global manifestations Journal of Folklore Research Thompson s movement between local and global discourses demonstrates the importance of a phenomenon that could otherwise be viewed as exotic ethnographic trivia while her theoretical orientation makes the text as relevant to linguistic anthropologists as to African studies scholars African Studies Review
