

InterQual Criteria Workshop:

Learning How to Use It for Patients' and Facility's Benefit

Tuesday, August 11, 2009

Doubletree Hotel New Orleans
300 Canal Street, New Orleans, LA 70130
(504) 581-4399

Program Description

With recent CMS implementation of various new Medicare medical review agencies, i.e. MACs, RACs, QIOs, and CERT Program, it is more important than ever before to ensure patient care is clinically appropriate, delivered at the most appropriate clinical level of care, and ends with a time efficient discharge. Using non-physician clinical screening criteria is the first step to achieving these goals, however, staff must be trained how to properly use this tool. This hands-on workshop is designed to do just that! Following lecture on use of the criteria, attendees will demonstrate acquired knowledge and review skills through practice chart reviews. At the completion of each chart review, group discussion will be held. Chart reviews will include both inpatient and observation stay medical records. Join us in this interactive session learning how to facilitate time efficient patient flow processes while ensuring the facility's Medicare reimbursement with appropriate clinical care in the correct setting.

NOTE: Attendees are required to bring (one copy per participant) of the current InterQual Level of Care Criteria, both Pediatric and Adult, for use during this workshop. This manual is NOT included in the program materials.

Who Should Attend

This course is designed for acute care hospital case managers, utilization managers, nurse managers, quality/performance improvement professionals, chief nursing officers, and nursing staff responsible for incorporating case management activities into patient care processes.

Objectives

- Gain an understanding of CMS Conditions of Participation regarding utilization management.
- Describe processes to ensure facility compliance with these standards.
- Discuss how to use InterQual Level of Care Acute Care Criteria (non-physician screening criteria) to facilitate appropriate level of care at all patient points of access and ensure timely patient movement throughout various levels of acute care.
- Gain an understanding of how to effectively manage observation patients using InterQual observation criteria.
- Demonstrate effective use of InterQual criteria while reviewing medical records of care delivered at ICU, telemetry, inpatient and observation levels.

Continuing Education Credit

Nursing – 5.5 contact hours will be awarded for this offering by the Louisiana Hospital Association for **complete attendance of the program**. The Louisiana Hospital Association is approved by the Louisiana State Board of Nursing – CE Provider #39.

Other Participants – will receive, upon completion of workshop, a certificate documenting the completed continuing education/clock hours.
