Intouch 10 Training Manual:

Research Anthology on Supporting Healthy Aging in a Digital Society Management Association, Information Resources, 2022-02-04 In today's rapidly evolving society there has been an increase in technologies and systems available to support the elderly throughout various aspects of life. We have come a long way in the quality of life we can offer our aging populations in recent years due to these technological innovations, medical advancements, and research initiatives. However, further study of these developments is crucial to ensure they are utilized to their utmost potential in securing a healthier elderly population. The Research Anthology on Supporting Healthy Aging in a Digital Society discusses the current challenges of aging in the modern world as well as recent developments in medicine and technology that can be used to improve the quality of life of elderly citizens. Covering a wide range of topics such as smart homes, remote healthcare, and aging in place, this reference work is ideal for healthcare professionals, gerontologists, therapists, government officials, policymakers, researchers, academicians, practitioners, scholars, instructors, and students.
