Global Production and Consumption of Fast Food and Instant Concentrates Simakova, Inna Vladimirovna,Strizhevskaya, Victoria Nikolaevna,Perkel, Roman Lvovich,Rakhmanova, Galina Yuryevna,2022-01-07

Globalization and industrialization have caused serious changes to the food and services markets which have led to an increase in the consumption of fast food in the daily diet. Annually the number of fast food restaurants increases and volumes of the industrial production of fast food products grow. The systematic consumption of fast food has many risks such as developing alimentary diseases and serious chronic illnesses. This increasing consumption is a critical problem as younger generations are primary consumers of fast food. *Global Production and Consumption of Fast Food and Instant Concentrates* compares healthy and fast foods, considers an ecological hygienic assessment of the impact of fast food on the body in observations of people and in experiments in vivo and discusses key questions of the interrelation of food and health. Covering topics such as nutrition and food culture, it is ideal for food industry professionals, scientists, medical professionals, researchers, academicians, practitioners, instructors, and students.

Chinese Consumers Ashok Sethi, 2018-08-07. This book offers a comprehensive analysis of Chinese consumers from multiple perspectives, from the megatrends to their values and psychological changes. The book examines in detail the digital and mobile transformation of the consumers, the way their lifestyle, social interactions, and shopping habits have changed, and the opportunities they offer to marketers. The analysis and insights are based on the author's first-hand observations of the metamorphosis of the consumers and consumption in China over the last fifteen years.

Managing and Leading People through Organizational Change Julie Hodges, 2021-05-03. Change in organizations is all about people; it is people who plan, prepare for, and implement change and who are affected by it in the daily course of their work. Yet there is a tendency to focus on quantifiable and often more easily solved technical aspects of implementing organizational change programmes and ignore the complex ways that these will impact individuals. Providing an evidence-based analysis of change in organizations, *Managing and Leading People Through Organizational Change* is written for practitioners responsible for change programmes and postgraduate students of organizational change. This updated edition demonstrates the importance of understanding the effects of change on individuals and engaging them collaboratively.
