International Taxation of Energy Production and Distribution John Abrahamson, 2018-04-20 Energy is a major global industry with rapid ongoing changes in areas such as carbon taxes emissions trading regimes and the development of renewable energy The cross border nature of the industry calls for the thorough expert and up to date analysis provided in this timely and practical book Taking a down to earth problem solving approach to policy and practice in the field worldwide the author focuses on the international tax framework and the tax regimes in leading energy producing and consuming countries The book introduces and analyses significant international tax issues related to energy production

and distribution extending from the tax regime in the country where the oil gas or coal exploration and production activities are located through to cross border transportation using pipelines tankers and bulk carriers to the taxation of power stations and electricity transmission and distribution networks The taxation issues covered include the following upstream oil and gas and mining taxes incentives for renewable energy carbon taxes and emission trading regimes dividend interest and royalty flows foreign tax credits permanent establishments mergers and acquisitions taxation issues for derivatives and hedging transfer pricing regional purchasing marketing service and intangible property structures free trade agreements and customs unions dispute resolution and tax administration and risk management Detailed updates are included on the most recent international tax developments affecting the energy industry including the OECD Action Plan on Base Erosion and Profit Shifting BEPS and the 2017 OECD Transfer Pricing Guidelines Case studies offer an opportunity to apply international tax analysis to specific examples and gain practice in identifying and discussing relevant international taxation issues This book will be of significant value to corporate tax managers and in house counsel together with accountants lawyers economists government officials and academics connected with the energy industry and related international taxation issues

The Oxford Handbook of International Tax Law Florian Haase, Georg Kofler, 2023-10-13 International Tax Law is at a turning point Increased tax transparency the tackling of Base Erosion and Profit Shifting BEPS the reconstruction of the network of bilateral tax treaties the renewed discussion about a fair and efficient allocation of taxing rights between States in a global digitalized economy and the bold push for minimum corporate taxation are some expressions of this shift This new era also demonstrates the increased influence of international standard setters such as the OECD the UN and the EU Each of these developments alone has the potential of being disruptive to the traditional world of international tax law but together they have the potential to reshape the international tax system The Oxford Handbook of International Tax Law provides a comprehensive exploration of these key issues which will shape the future of tax law Divided into eight parts this handbook traces the history of international tax law from its earliest days until the present including reflections on the developments that have characterized the last one hundred years The second section places tax law within the broader international context considering how it relates to public and private international law as well as corporate trade and criminal law Sections three and four consider key legal principles and issues such as regional tax treaty models OECD dispute resolution and transfer pricing versus formulary apportionment Subsequent analysis places these issues within their European and cross border contexts providing an assessment of the role of the ECJ state aid and cross border VAT Section seven broadens the scope of this analysis asking how trends in recent major economies and regions have helped shape the current outlook The final section considers emerging issues and the future of international tax law With over sixty authors from 28 different countries the Oxford Handbook of International Tax Law is an invaluable resource for scholars academics and practitioners alike

Removing Tax Barriers to China's Belt and Road Initiative Michael Lang, Jeffrey Owens, 2018-11-27 Since its

announcement in 2013 the Belt and Road Initiative BRI also known as the New Silk Road has gradually gained international recognition The project requires not only extensive investment in infrastructure and transportation but also an acceleration of the internationalization of multinationals and supply chains in Belt and Road countries The project will hopefully lead governments and businesses in countries along the Belt and Road to compete adopt best practices and improve transparency The BRI marks a national push by China to increase economic links to Southeast Asia Central Asia Russia the Baltic region Central and Eastern Europe Africa and Latin America which will have major consequences for the way that tax systems interact Emerging from the research conducted by the WU Global Tax Policy Center in cooperation with several Chinese universities this book offers fourteen policy relevant research papers prepared by international experts on the following issues The New Silk Road Will Tax Be a Facilitator or a Barrier Neo BEPS China s Prescription for International Tax Reform Embodying the Rationality of the Belt International Taxation Coordination under China s Belt and Road Strategy Tax Issues in the Main Belt and Road Countries and Industries of China s Outward Foreign Direct Investment Preferential Arrangements under Chinese Tax Treaties with Belt and Road Countries and Disputes Regarding Their Applicability Tax Planning by Going Global Enterprises for Cross Border Earnings Observations Based on Belt and Road Countries International Taxation Issues under the Belt and Road Initiative Corporate Income Tax Laws and Tax Treaties Financial and Tax Operations in the Five Central Asian Countries The Role of Border Crossing Procedures in the Transportation of Goods along the New Silk Road Transfer Pricing Issues Related to the Belt and Road Initiative Tax Treaties between Belt and Road Countries VAT Challenges in the Belt and Road Initiative Global Tax Policy Post BEPS and the Perils of the Silk Road and Creating a Positive Tax Climate for Complex Multijurisdictional Investment Projects Outcomes presented in the book consist of findings presented during Tax Policy Forum on the Belt and Road Initiative held on 12-13 June 2017 in Beijing jointly organized with Peking University Tax Law Center and the Central University of Finance and Economics Beijing These papers also formed the basis for input by WU Global Tax Policy Center at the first meeting of The Belt and Road Initiative Tax Cooperation Conference BRITCC held in Astana on 14-16 May 2018 in which it was agreed to establish a permanent forum to examine the tax issues that arise from the BRI The WU Global Tax Policy Center will continue to provide inputs to this forum

International Taxation of Banking John Abrahamson, 2020-02-20 Banking is an increasingly global business with a complex network of international transactions within multinational groups and with international customers This book provides a thorough practical analysis of international taxation issues as they affect the banking industry Thoroughly explaining banking s significant benefits and risks and its taxable activities the book s broad scope examines such issues as the following taxation of dividends and branch profits derived from other countries transfer pricing and branch profit attribution taxation of global trading activities tax risk management provision of services and intangible property within multinational groups taxation treatment of research and development expenses availability of tax incentives such as patent box tax regimes swaps and

other derivatives loan provisions and debt restructuring financial technology FinTech group treasury interest flows and thin capitalisation tax havens and controlled foreign companies and taxation policy developments and trends Case studies show how international tax analysis can be applied to specific examples The Organisation for Economic Co operation and Development Base Erosion and Profit Shifting OECD BEPS measures and how they apply to banking taxation are discussed The related provisions of the OECD Model Tax Convention are analysed in detail The banking industry is characterised by rapid change including increased diversification with new banking products and services and the increasing significance of activities such as shadow banking outside current regulatory regimes For all these reasons and more this book will prove to be an invaluable springboard for problem solving and mastering international taxation issues arising from banking The book will be welcomed by corporate counsel banking law practitioners and all professionals officials and academics concerned with finance and its tax ramifications

VAT in the Digital Era Yan Xu, 2023-12-31 With the growth of the digitalized economy VAT on cross border digital supplies has emerged as an important issue Yet views and practices regarding the application of the VAT on these supplies differ significantly across different jurisdictions A lack of international VAT harmonization can cause double taxation or unintended double non taxation resulting in distortions and revenue losses VAT in the Digital Era considers unilateral and multilateral options for the creation of an internationally coordinated VAT framework Providing analysis of the status quo in key jurisdictions the book explores the implications of the digitalized economy for the VAT systems across borders It outlines possible approaches that can be taken to achieve a more consistent international VAT treatment of cross border supplies and the extent to which a multilateral solution would be preferable and achievable at the international level Bringing together contributions from leading international voices in the VAT law and policy and international taxation fields VAT in the Digital Era addresses current issues and proposes ways to coordinate VAT rules on cross border digital supplies This new book is essential reading for academics researchers governments and other financial organisations involved with the world s most important indirect tax

Taxation in the Digital Economy Nella Hendriyetty, Chris Evans, Chul Ju Kim, Farhad Taghizadeh-Hesary, 2022-07-11 A robust and efficient tax administration in a modern tax system requires effective tax policies and legislation Policy frameworks should cover all aspects of tax administration and include the essential processes of capturing processing analyzing and responding to information provided by taxpayers and others concerning taxpayers affairs By far the greatest challenges facing tax administrations in all countries are those posed by the continuing developments in the digital economy Whereas societies are grappling to come to terms with the transitions from the third industrial or digital revolutions revenue authorities grapple with the consequences for the sustainability of their tax bases and the efficient administration and collection of taxes This book presents a critical review of the status of tax systems in Asia and the Pacific in the era of the digital economy The book suggests how countries can maximize their domestic resource mobilization when confronted by the challenges that digitalization inevitably produces as

well as how they can best harness or take advantage of aspects of digitalization to serve their own needs The full implications of the COVID 19 crisis are still too uncertain to predict but it is clear that the crisis will accelerate the trend towards digitalization and also increase pressures on public finances This in turn may shape the preference for and the nature of both multilateral and unilateral responses to the tax challenges posed by digitalization and the need to address them This book will be a timely reference for those researching on taxation in digital economy and for policy makers The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
