Children Learning About Engineering Brick by Brick

Kids are already naturally gifted creators. WKFF held a 6 week FUNDamentals of Engineering with LEGO. The children applied real-world concepts in physics, engineering, and architecture through engineer-designed projects such as motorized tanks, roller coasters, skyscrapers, flying houses, and the Battle of the Bots! Designed and built as never before, and explored their craziest ideas in a supportive environment. Mr. Mike an experienced instructor with Playwell Technologies challenged the students to their full potential.
