Photographer's Guide to the Leica D-Lux 5 Alexander S. White, 2010-12-12 Photographer s Guide to the Leica D Lux 5 is a follow up to the author s earlier guides to the Leica D Lux 4 Panasonic Lumix LX3 and Panasonic Lumix LX5 digital cameras The new book like the earlier ones explains all operations features menus and controls of the camera in clear language providing guidance not only about how to accomplish things with the camera but when and why to use certain features The book does not assume any specialized knowledge by the reader but adopts a patient and helpful tone in explaining topics such as autofocus manual focus aperture priority shutter priority macro photography and RAW files Besides providing guidance about all basic operations of the camera the book includes introductions to advanced topics including astrophotography infrared photography street photography and creating 3D images The book is illustrated with more than 150 color photographs and includes a full table of contents and index

Photographer's Guide to the Leica D-Lux 6 Alexander S. White, 2013-03-03 The Leica D Lux 6 is one of the top choices for photographers who want an advanced camera they can carry around to capture great images without the

complication and weight of a DSLR or other large camera With features such as a very fast lens with an aperture of f 1.4, excellent image quality and a solid array of burst shooting capabilities the D Lux 6 has attracted an enthusiastic following However the camera does not come with a detailed printed manual for reference making it hard for users to find answers to questions about the use of the camera's many controls, menus and features With the release of this guide book to the D Lux 6 White Knight Press has provided users with a comprehensive guide to all operations of this sophisticated camera Using a patient tutorial like approach the book provides guidance to beginning and intermediate photographers about how to accomplish things with the D LUX 6 as well as when and why to use the camera's many controls, menus, options and other features The book does not assume specialized knowledge by the reader as it explains topics such as autofocus, manual focus, depth of field, aperture priority, shutter priority, exposure bracketing, white balance and ISO sensitivity The book also provides details about the camera's numerous options for playback setup and customizing the operation of the various buttons and other controls The book contains approximately 400 photographs, almost all in full color, illustrating the D Lux 6's controls, shooting screens and menus The images also provide examples of the various types of photographs that can be taken using the many creative settings of the camera, including the Creative Control settings which let the photographer alter the color processing and other aspects of images, the Scene shooting mode with settings that are optimized for various subjects including landscapes, portraits and action shots, the Photo Style menu option which provides the ability to customize the appearance of images and the camera's strong array of features for continuous shooting and shooting in dim lighting In addition the book goes beyond the bounds of everyday photography and introduces more advanced topics such as infrared photography, street photography, digiscoping, astrophotography and High Dynamic Range (HDR) photography The book also includes a full discussion of the video recording abilities of the D Lux 6 which can shoot high definition HD video with stereo sound and which offers manual control of exposure and focus during movie recording In three appendices the book provides information about accessories for the D Lux 6 including cases, external flash units, viewfinders and filter adapters and includes a list of web sites and other resources for further information The book includes a detailed appendix with helpful Quick Tips with insights into how to take advantage of the camera's features in the most efficient ways possible

Photographer's Guide to the Panasonic Lumix LX3 Alexander S. White, 2010-07-12 *Photographer's Guide to the Panasonic Lumix LX3: Getting the Most from Panasonic's Versatile Digital Camera* is a follow up to the author's well received guide to a very similar camera the Leica D Lux 4 This new guidebook covers all features and operations of the LX3, one of the most highly esteemed compact digital cameras of recent years In 232 pages with numerous color photographs and illustrations the book explains in plain language how to achieve the best possible results taking pictures with the automatic or manual controls of the LX3 Although much of the information in this book is similar to that in the earlier book about the Leica D Lux 4 camera, this new volume is updated to include several new features that were added to both cameras when their internal

firmware operating system was upgraded to version 2.0. These new features include white balance bracketing 1:1 aspect ratio lens resume and several others. Therefore the book will be useful to users of the latest versions of both the Panasonic Lumix LX3 and the Leica D-Lux 4.

British Journal of Photography, 2009 *Photographer's Guide to the Panasonic Lumix LX5* Alexander S. White, 2010-11

Photographer's Guide to the Panasonic Lumix LX5 Getting the Most from Panasonic's Advanced Digital Camera is the third book in a series by Alexander S. White. His previous guides to the Leica D-Lux 4 and Panasonic Lumix LX3 were extremely well received by enthusiasts searching for comprehensive books that explain the features and operation of some of the most sophisticated compact digital cameras being sold today. The current book is a detailed resource illustrated by more than 150 color photographs that covers all operations, menus and controls of the Panasonic Lumix LX5, the newest in a line of highly sophisticated yet very portable cameras that are equipped with full manual controls as well as advanced digital technology. The book provides detailed guidance to beginning, intermediate and more experienced photographers in plain English. The photographs illustrate the camera's menus and controls and provide examples of many of the camera's shooting modes and special effects. For those who find the documentation provided by the camera's manufacturer to be hard to read and difficult to understand, this book fills an information gap and serves as a single source of information to let the photographer derive the maximum benefit from his or her Panasonic Lumix LX5 camera.
