

## LEICA MANUAL

has been used by photographers everywhere. Follow its lead, professionals and the photographer you believe most of the amateur photographers follow. Leica books, useful, handy and packed with information, make your information.

Here's what some of the experts say --

"... the standard source book on the subject... truly packed with practical information on every phase of single photography... a must for the serious Leica photographer... this book can help photographers to reach and maintain the high technical standards demanded of today's cameramen."

Jack Devlin, *Photograph* like  
*The New York Times*

"The editors and publishers of this volume, long-time camera enthusiasts, are well equipped to produce the valuable addition to photographic literature."

*Popular Photography*

"I can hardly visualize Leica owners operating without it... no matter how much they think they know about."

Ralph Tompkins, *News*  
*New York Institute of Photography*

"... it is so well rounded out by the authors that it can serve as a guide for anyone interested in photography."

*The Boston Globe*

"... a beautifully useful book for the photographer's library... whether the reader wishes a Leica camera system, or just repairs."

*Photographic Society of America*

"... the complete user of the professional Leica of 1935... because in a single camera system."

*The British Journal of Photography*
