Adam Powell,2016-12-09 Lyman Bostock Jr had baseball in his blood The son of a former Negro League standout Bostock began his professional career with the Minnesota Twins in 1975 Two years later he became one of the first players in major league baseball to cash in on the new era of free agency signing with the California Angels for more than 2 million one of the richest contracts in sports history at that time But Bostock s true potential would never be known On September 23 1978 Bostock was shot and killed in Gary Indiana He was just 27 years old In Lyman Bostock The Inspiring Life and Tragic Death of a Ballplayer K Adam Powell tells the story of Bostock s humble beginnings in Birmingham Alabama his coming of age in Los Angeles his involvement in the Black Power movement his brief yet impactful baseball career and his senseless murder in 1978 Those who knew Bostock and played alongside him believed he was good enough to win multiple batting titles and perhaps even make the Hall of Fame some day More than just a ballplayer Bostock was known as a stand out citizen who never forgot where he came from investing hours of his time giving back to his community visiting with local youth and hosting baseball clinics Lyman Bostock captures a remarkable era in professional baseball an era when ballplayers such as Bostock still engaged closely with their fans even as power shifted from management and owners to the players Through careful research exclusive interviews and rarely seen photographs Bostock s life and the times in which he lived are conveyed in intimate detail For baseball fans of all ages Lyman Bostock s biography is a poignant and inspiring story of an upcoming star whose life was cut much too short The Drive-In Guy Barefoot,2023-11-16 The Drive In meaningfully contributes to the complex picture of outdoor cinema that has been central to American culture and to a history of US cinema based on diverse viewing experiences rather than a select number of films Drive in cinemas flourished in 1950s America in some summer weeks to the extent that there were more cinemagoers outdoors than indoors Often associated with teenagers interested in the drive in as a passion pit or a venue for exploitation films accounts of the 1950s American drive in tend to emphasise their popularity with families with young children downplaying the importance of a film programme apparently limited to old low budget or

independent films and characterising drive in operators as industry outsiders They retain a hold on the popular imagination The Drive In identifies the mix of generations in the drive in audience as well as accounts that articulate individual experiences from the drive in as a dating venue to a segregated space Through detailed analysis of the film industry trade press local newspapers and a range of other primary sources including archival records on cinemas and cinema circuits in Arkansas California New York State and Texas this book examines how drive ins were integrated into local communities and the film industry and reveals the importance and range of drive in programmes that were often close to that of their indoor neighbours Congressional Record United States.
