Routledge Spanish Dictionary of Business, Commerce and Finance Diccionario Ingles de Negocios, Comercio y Finanzas Emilio G. Muniz Castro, 2024-11-01 This Dictionary consists of some 100 000 terms in both Spanish and English drawn from the whole range of business finance and banking terminology Over 45 subject areas are covered compiled by a team of international terminologists *Regoverning the Workplace* Cynthia Estlund, 2010-01-01 This original book seeks to shape current trends toward employer self regulation into a new paradigm of workplace governance in which workers participate The decline of collective bargaining and the parallel rise of employment law have left workers with an abundance of legal rights but no representation at work Without representation even workers legal rights are often under enforced At the same time however many legal and social forces have pushed firms to self regulate to take on the task of realizing public norms through internal compliance structures Cynthia Estlund argues that the trend toward self regulation is here to stay and that worker friendly reformers should seek not to stop that trend but to steer it by securing for workers an effective voice within self regulatory processes If the law can be retooled to encourage forms of self regulation in which workers participate it can help both to promote public values and to revive workplace self governance Report of the Department of Health of the City of Chicago. 1907/10 , 1911
