**The Internet Is Not the Answer** Andrew Keen, 2018-09-01 The renowned Internet commentator and author of *How to Fix the Future* exposes the greed, egotism and narcissism that fuels the tech world. Chicago Tribune: The digital revolution has contributed to the world in many positive ways but we are less aware of the Internet's deeply negative effects. *The Internet Is Not the Answer* by longtime Internet skeptic Andrew Keen offers a comprehensive look at what the Internet is doing to our lives. The book traces the technological and economic history of the Internet from its founding in the 1960s through the rise of big data companies to the increasing attempts to monetize almost every human activity. In this sharp, witty narrative informed by the work of other writers, reporters and academics as well as his own research and interviews, Keen shows us the tech world's warts and all. Startling and important, *The Internet Is Not the Answer* is a big picture look at what the Internet is doing to our society and an investigation of what we can do to try to make sure the decisions we are making about the reconfiguring of our world do not lead to unpleasant, unforeseen aftershocks. Andrew Keen has written a very powerful and daring manifesto questioning whether the Internet lives up to its own espoused values. He is not an opponent of Internet culture; he is its conscience and must be heard. Po Bronson, 1 New York Times bestselling author. **Ball of Collusion** Andrew C. McCarthy, 2020-09-22 The real collusion in the 2016 election was not between the Trump campaign and the Kremlin It was between the Clinton campaign and the Obama administration The media Democrat collusion narrative which paints Donald Trump as cat s paw of Russia is a studiously crafted illusion Despite Clinton s commanding lead in the polls hyper partisan intelligence officials decided they needed an insurance policy against a Trump presidency Thus was born the collusion narrative built on an anonymously sourced dossier secretly underwritten by the Clinton campaign and compiled by a former British spy Though acknowledged to be salacious and unverified at the FBI s highest level the dossier was used to build a counterintelligence investigation against Trump s campaign Miraculously Trump won anyway But his political opponents refused to accept the voters decision Their collusion narrative was now peddled relentlessly by political operatives intelligence agents Justice Department officials and media ideologues the vanguard of the Trump Resistance Through secret surveillance high level intelligence leaking and tireless news coverage the public was led to believe that Trump conspired with Russia to steal the election Not one to sit passively through an onslaught President Trump fought back in his tumultuous way Matters came to a head when he fired his FBI director who had given explosive House testimony suggesting the president was a criminal suspect despite privately assuring Trump otherwise The resulting firestorm of partisan protest cowed the Justice Department to appoint a special counsel whose seemingly limitless investigation bedeviled the administration for two years Yet as months passed concrete evidence of collusion failed to materialize Was the collusion narrative an elaborate fraud And if so choreographed by whom Against media Democrat caterwauling a doughty group of lawmakers forced a shift in the spotlight from Trump to his investigators and accusers This has exposed the depth of politicization within American law enforcement and intelligence agencies It is now clear that the institutions on which our nation depends for objective policing and clear eyed analysis injected themselves scandalously into the divisive politics of the 2016 election They failed to forge a new Clinton administration Will they succeed in bringing down President Trump
