

## CHAPTER 4

## Study Guide

## Section 1: Population Dynamics

In your textbook, read about population characteristics. Use each of the terms below only once to complete the passage.

carrying capacity  
rate population density

density dependent  
randomly

density independent  
spatial distribution

growth

Some characteristics that all populations have include (1) population density, (2) spatial distribution, and (3) growth rate. Populations tend to be dispersed (4) randomly, uniformly, and in clumps. Populations also tend to stabilize near the (5) carrying capacity of their environment. Factors that limit populations are either (6) density dependent or (7) density independent.

In your textbook, read about population-limiting factors.

Complete the table by checking the correct column(s) for each description.

| Description                              | Density Dependent | Density Independent |
|------------------------------------------|-------------------|---------------------|
| 8. Earthquake-related tsunami            |                   | ✓                   |
| 9. Intense competition for a food source | ✓                 |                     |
| 10. Influenza epidemic                   | ✓                 |                     |
| 11. Flooding due to a hurricane          |                   | ✓                   |
| 12. Change in the number of predators    | ✓                 |                     |

If the statement is true, write true. If the statement is false, replace the italicized term or phrase to make it true.

13. *Population-limiting factors* keep a population from increasing indefinitely.

TRUE

14. *Density-independent factors* include parasites and disease.

Density dependent factors
