Essays Of Business Grade10 24november2014:

Fiction, Invention and Hyper-reality Carole M. Cusack, Pavol Kosnác, 2016-11-18 The twentieth century was a period of rapid change for religion Secularisation resulted in a dramatic fall in church attendance in the West and the 1950s and 1960s saw the introduction of new religions including the International Society for Krishna Consciousness ISKCON the Church of Scientology and the Children of God New religions were regarded with suspicion by society in general and Religious Studies scholars alike until the 1990s when the emergence of a second generation of new new religions based on popular cultural forms including films novels computer games and comic books and highly individualistic spiritualities confirmed the utter transformation of the religio spiritual landscape Indeed Scientology and ISKCON appeared almost traditional and conservative when compared to the radically de institutionalised eclectic parodic fun loving and experimental fiction based invented and hyper real religions In this book scholarly treatments of cutting edge religious and spiritual trends are brought into conversation with contributions by representatives of Dudeism the Church of All Worlds the Temple of the Jedi Order and Tolkien spirituality groups This book will simultaneously entertain shock challenge and delight scholars of religious studies as well as those with a wider interest in new religious movements

Work-Life Balance C B Rao, 2019-02-01 Every organization is like a delicate ecosystem It needs to be nurtured with care and concern just as a natural ecosystem is ecologically nurtured For this organizational behavior is the instrument Organizational behavior is the study of human behavior in organizational settings including the interface of human beings among themselves the interface of human beings with their and other external organizations and the behavior of organizations with respect to individuals and other organizations Individual behavior is an integral part of organizational behavior As individuals and organizations devote the needed attention to the subject the challenging issue of work life balance is resolved This major work on organizational behavior with its ninety chapters is divided into fifteen sections each of which deals with a specific theme relating to factors impacting and is impacted by organizational behavior This book provides multiple constructs that facilitate optimal work life balance This book will serve as a companion text for students and faculty specializing in organizational behavior and general management Academicians industry managers and leaders as well as administrators and policy makers will find this book a useful thought primer and guide for effective organizational management More importantly the several propositions made in the book would help individuals and institutions achieve competitive strength emotional stability and self actualization through optimal work life balance

South Africa's Political Crisis Alexander Beresford, 2016-01-26 South Africa s current political upheavals are the most significant since the transition from apartheid Its powerful trade unions are playing a central role and the political direction they take will have huge significance for how we understand the role of labour movements in struggles for social justice in the twenty first century
