

The American Civil Rights Movement

Subject of Assignment: The American Civil Rights Movement

1.) Now that you have learned the basics of American civil rights struggle from the beginning of the nation up to the Black Lives Matter movement, what are some of your thoughts about the struggles in the United States verses similar struggles in other countries that you know of?

American civil rights movements and Black Lives Matter was and is a big and significant movements. And I have been thinking about this question for days, and so far, the other struggles or movements I can think of were the Hongkong riots, Chinese Covid 19 protests and their lock down in country's border, city, hospital, and self-quarantines. Also, the Korean war and the Japanese border invasions, which was a relatively a great struggle to their nations. I think both USA and south Korea or any other east Asian countries like Vietnam, Nepal, India and Pakistan (civil war) and Afghanistan suffered a great loss of money, lives, trusts and relationships between civilians and the leaders. These countries and USA fought for equality, freedom, human rights, equal institution, fair labor and minimum wage for a better life and better environments.

2.) Based on the horrible and unfair treatment Blacks and other minorities have endured in the United States, why do you think that Blacks and other minorities have NOT turned to actual violence? Do you think this was wise, or not? Why?

Most Blacks and minorities asked for equality, not a revenge nor any violence against public or the government policy. For decades, Blacks has endured horrible treatments such as slavery, famine, poverty, segregation, murders, institutional discriminations and racism, etc... racism in both personal and institutional. And I think an impact of Civil War Movements leaders like Rosa Parks and her shown of patience and strong will against the Whites and their segregation on the public bus seats, Martin Luther King jr and his official speech ("*I have a dream*") and his experience and education from peace leader named Ghandi, and the death of Emmet Till and her mother's decision to put up her son's death through open casket funeral service which exposed to public news. And to this modern day, Black Lives Matter movement supports more on the nonviolence. Back in the day, I think Blacks and minorities were prioritized on their family and their defense rather than on the public. And usually put their demands and messages through a mass peaceful movement against the institution. I think violence was never the answer to solve the issue and the movements understood the assignment. It wasn't right executing the exact same violation what the Whites did to them over decades but instead being very patient and gradually making the public on their side and appeal their messages. The exposure of violence to policemen, sheriffs, vigilante groups, and
