L'Influence de la religion dans le droit international privé des pays musulmans Academie de Droit International de la Haye, 1988-05-16 The Academy is a prestigious international institution for the study and teaching of Public and Private International Law and related subjects The work of the Hague Academy receives the support and recognition of the UN Its purpose is to encourage a thorough and impartial examination of the problems arising from international relations in the field of law The courses deal with the theoretical and practical aspects of the subject including legislation and case law All courses at the Academy are in principle published in the language in which they were delivered in the Collected Courses of the Hague Academy of International Law

La famille dans l'ordre juridique de l'Union européenne / Family within the Legal Order of the European Union Elsa Bernard, Marie Cresp, Marion Ho-Dac, 2020-12-31 Le droit de la famille dans sa dimension civiliste fortement ancrée dans les cultures nationales des États membres est une matière qui ne relève pas en principe du droit de l'Union européenne Pourtant il n'est plus possible d'affirmer que la matière échappe dans son entier au droit de l'Union De nombreux aspects de la famille sont sous influence européenne au point que l'on voit se dessiner les contours d'une famille européenne L'ouvrage propose de mettre en lumière l'acquis européen en matière de droit de la famille au prisme du droit matériel citoyennet européen politique sociale de l'Union fonction publique européenne comme du droit international privé Le droit de la famille de l'Union s'identifie alors comme un droit spécial complétant la diversité des droits nationaux de la famille Sa signification théorique et politique dans l'Union est débattue par les auteurs autant que son devenir Loin de demeurer fragmentaire c'est des droits nationaux des États membres il a probablement vocation se densifier pour offrir aux citoyens et résidents européens un droit commun de la famille au sein de l'Union Family law with its civil law tradition and strong roots in the national cultures of the Member States does not normally fall within the scope of European law However it is no longer possible to argue that family law is outside European law entirely There are many aspects of the family which are subject to European influence to the point that the outlines of a European family are starting to emerge This book is intended to highlight the European experience of family law and its substantive i.e. European citizenship EU social policy EU civil service and private international law aspects Union law therefore contains a form of special family law which is shared between the Member States and supplements their national family laws Its theoretical and political importance in the Union as well as its future are discussed by the authors Far from remaining fragmented alongside the national laws of Member States it will likely develop to offer European citizens and residents a common family law within the EU

Les nouvelles conventions de La Haye: Leur application par les juges nationaux Elise N. Frohn, Jan M. Hebl, Mathilde Sumampouw, Michiel J. de Rooij, 2023-07-10 Volumes I II III and IV of this reference work were published in 1976 1980 1984 and 1994 respectively The core of the books consists of court decisions involving the Hague Conventions in force in the field of private international law

This wealth of information has been made accessible by arranging the decisions per Convention and then per legal issue thus clearly showing similarities and differences in the application of each Convention by a variety of countries and tribunals. Considering the increasing number of Conventions between a growing number of parties this system is eminently suited to illustrate problems of application. Volume V completes the jurisprudence of the series with cases covering the period from 1990 to 1995 as well as a number of cases of an earlier date which were only recently received. They originate from fourteen European countries, the USA, Canada, Argentina, Australia, New Zealand, Japan, the Dutch Antilles and Israel. Also included are a few decisions from the ICC and the European Court of Justice. A survey as per April 1994 of signatures, ratifications, reservations and other declarations relating to each Convention can be found in Volume IV which volume also includes an overview of the vast literature the Conventions have given rise to throughout the world. The Permanent Bureau of the Hague Conference has cooperated in the realization of this series which will prove to be indispensable for practising lawyers and legal scholars who have anything to do with the Hague Conference in any area of private international law or international procedural law.

Contractualisation of Family Law - Global Perspectives Frederik Swennen, 2015-07-06. This volume presents global and comparative perspectives on the perpetual pendular movement of family law between status and contract. It contributes to the topical academic debate on family law exceptionalism by exploring the blurred lines between public law, private law and family law and sheds light on the many shades of grey that exist. The contributions focus on both substantive and procedural family law on parents and children and on life partners with particular attention for contractual arrangements of family formations and of conflict resolution. The hypothesis underlying all contributions was the trend towards contractualisation of family law. A convergent research outcome resulting from the comparison of national reports was the ambivalent position of family law in legal systems worldwide. That comparison shows that whereas family law is clearly moving towards contract with regard to old family formations the contrary is true for new family formations. The movement towards contract is rarely considered to be contractualisation *pur sang* with civil effect. The movement towards status finally does not necessarily witness family law exceptionalism vis-à-vis private law in view of the increasing State interventionism in private law relations in general. In sum as the volume shows the high permeability of the demarcations between the State, the family and the market impedes a categorical approach. This volume is based on the general and selected national reports on the topic *Contractualisation of Family Law* that were presented at the XIXth International Congress of Comparative Law in Vienna in July 2014.

Statut personnel et liens de famille dans les droits de l'Antiquité Joseph Méléze-Modrzejewski, 2024-12-06. This second selection of articles by Professor M l ze Modrzejewski deals with the questions of personal status and family ties in Classical law both Greco-Roman and Eastern. It covers the period up to the Christian era with Hellenistic Egypt as its focus. The first studies examine what was held to distinguish free men, slaves and animals as well as what constituted a Greek in Ptolemaic Egypt. The following section looks at the legal structures of Greek marriage and in

particular at the problem of irregular unions whether between close relatives or with foreigners Finally the author deals with two aspects of a person's estate the State's appropriation of this where there was no heir and the nature of foundations in Greek law The volume concludes with a section of additional notes Ce nouveau recueil du prof Joseph M l ze Modrzejewski pour le premier voir oooo propose un choix de dix tudes relatives au statut personnel et aux liens de famille dans les droits de l Antiquit orientale et gr co romaine jusqu l poque chretienne La probl matique du statut personnel est abord e dans quatre essais hommes et b tes esclaves Grecs et gyptiens dans le royaume des Lagides La deuxi me partie porte sur le mariage et la famille dans le droit grec et hell nistique Outre un essai de synth se sur la structure juridique du mariage grec elle s attache en particulier au probl me des unions irr guli res mariage entre proches parents et mariage avec l tranger La derni re partie reprend deux travaux concernant des aspects du destin des biens de famille apr s la disparition du titulaire la d volution l Etat des successions en d sh rence d apr s la loi successorale de Doura Europos et la nature juridique des fondations en droit grec Le recueil est accompagn d addenda qui offrent une mise jour
