Medical Spanish Course for Nurses Rachel Smith Bsn, Estefania Sadler Ma, David S Clark Ma, 2020-01-04 This Medical Spanish Course for Nurses has been taught at the college level since January of 2019. It can be used as a college course, a self study course, or as an exam preparation course to prepare individuals for the national Spanish for Nurses certification exam found on SCRON.org. Once the textbook is purchased, register for the free online lessons at <https://www.scron.org>. Register and within 24 hours after verification of purchase, you will be given free access to the online lessons. If you don't receive access within 2 business days, please email contact@scrn.org with your name and the date of your purchase, and you will be verified and given access to the online lessons.

How Long Does it Take to Complete? On average, it takes individuals 3.5 hours per week for 15 weeks to complete the Spanish for Nurses course.

What Level of Spanish is Needed to Take the Course? The course has been created for currently active Nurses, as well as those studying to be nurses with little to no knowledge of Spanish. However, individuals who have taken a year or two of Spanish in High School or College will still greatly benefit from the course.

How Many Words and Phrases Will I Learn? There are over 350 words and phrases that are contained in the following sections of the Medical Spanish for Nurses course: 1. Greetings 2. Chapters 2. Negotiating a Conversation 1. Chapter 3. Common Nurse Phrases 2. Chapters 4. What is Your Name 1. Chapter 5. Do you speak English 2. Chapters 6. Basic Anatomy and Key Phrases 7. Chapters 7. Where are you from 2. Chapters 8. Medical Verbs and Conversations 6. Chapters 9. Medical Assessment 2. Chapters 10. Final Review 1. Chapter.

Be sure to look inside at the left of this product page to learn more about each chapter.

How Does the Certification Course Work? There are 150 possible questions on the certification course. The course randomly chooses 100 of the 150 questions. The order of the questions and answers is changed every time, and it is a timed test. There is not enough time given for learners to look up the questions. They have to know them well before taking the exam, or they will not pass. The certification exam costs 100, but the exam prep course is free with the purchase of this textbook (see above). In the exam prep lessons, a practice exam can be taken unlimited times to prepare for the final exam.

Theories Behind the Course This course was designed based on many pedagogical learning and neuroscience/brain science theories that the author studied in depth during his Master's degree in Language Pedagogy and throughout his career as Director of the U.S. Institute of Languages.

Negotiating a Conversation The approach this course uses recognizes that it takes new Spanish speakers years to become fluent. However, if a nurse learns the medical vocabulary and strategies to properly negotiate a conversation, s/he can learn to work through virtually any situation in a relatively short period of time. For example, if a patient says something a nurse doesn't understand, the nurse can ask them to repeat it or say it slower. If a nurse doesn't know how to say something, s/he can point to it and ask "¿Cómo se dice?" (How do you say that?). These and many other techniques are taught to help a nurse work through new situations.

Use of Technology The use of technology can be very helpful to get through tricky situations. However, if a nurse only uses technology, this provides a poor patient experience and demonstrates poor bedside manner. Also, if only technology is used, body language and gestures are missed, and the meaning

can be misinterpreted It is recommended that the nurse continue learning as much as possible using this course and software then use technology to fill in the gap Learn More about the AuthorsTake a Look Inside the textbook at the left to learn more [Spanish Study Guide](#) Mcswane,2003-06 **Guia de Estudio Para Hispanohablantes:Study Guide for Native Spanish Speakers (Spanish)** James Henslin,2002-10
