Henri Crouzel, 2024-10-28 This volume is concerned with the eschatology of Origen the great 3rd century theologian and philosopher of Alexandria Of all the doctrines attributed to him those on the resurrection of man and the end of days have evoked the most opposition and controversy from Antiquity to the Patristic scholarship of today Professor Crouzel argues that the thought of Origen himself has been consistently misunderstood and distorted from the time of Methodius of Olympia onwards and that renewed examination of Origen's own surviving writings can lead to a radically differing assessment of the orthodoxy of his views Among the particular points discussed are Origen's doctrine of Purgatory commonly supposed to be a particularity of the Latin Church and the relationship in his thought between the final purification at the end of time and the spiritual purification of existence here on earth Ce volume traite de l'eschatologie d'Origène le grand théologien et philosophe alexandrin du IIIe siècle De toutes les doctrines qui lui sont attribuées ce sont celles sur la résurrection de l'homme et la fin des jours qui ont provoqué le plus d'opposition et de controverse de l'Antiquité jusqu'à notre époque Le Père Henri Crouzel maintient que la pensée véritable d'Origène a été constamment mal interprétée et corrompue et ce dès l'époque de Méthode d'Olympe Selon l'auteur un nouvel examen des écrits d'Origène peut mener à une appréciation totalement différente de l'orthodoxie du théologien Parmi les points spécifiques débattus sont la doctrine d'Origène sur la purgatoire communément

Game Over? Christophe Chalamet, Andreas Dettwiler, Mariel Mazzocco, Ghislain Waterlot, 2017-09-11 Modern science informs us about the end of the universe game over is the message which lies ahead of our world Christian theology on the other hand sees in the end not the cessation of all life but rather an invitation to play again in God s presence Is there a way to articulate together such vastly different claims Eschatology is a theological topic which merits being considered from several different angles This book seeks to do this by gathering contributions from esteemed and fresh voices from the fields of biblical exegesis history systematic theology philosophy and ethics How can we make sense today of Jesus and the New Testament s eschatological message How did he his early disciples and the Christian tradition envision the end of the world Is there a way for us to articulate together what modern science tells us about the end of the universe with the biblical and Christian claims about God who judges and who will wipe every tear Eschatology has been at the heart of Christian theology for 100 years in the West What should we do with this legacy Are there ways to move our reflection forward in our century Scholars and other interested readers will find here a wealth of insights
