Creating Healing Relationships Dorothea Hover-Kramer, 2011-09-10 Healing work isn't just about what happens in the therapy room but also about how practitioners communicate with integrity and act in their professional and personal relationships While gifted healers are being trained in hundreds of modalities worldwide few genuinely professional organizations exist and in most cases standards of relational ethics have yet to be codified In the best of cases well meaning practitioners are thereby limited in their work to provide optimal service and in the worst cases they are left vulnerable to potential legal repercussions and relational liabilities *Creating Healing Relationships* is the first book to seriously address the need for professional standards in the rapidly growing field of energy healing and to demonstrate how the ethic of human caring can be translated into professional standards for safe and successful energy therapy practice
