3 **Ethiopia** Lawrence Henry Ed.D, 2020-09-14 This book is a systemic examination of prophecies and instructions to Ethiopia by God They show how God used Ethiopia to ensure the continuation of the chosen people supporting the kingdom of heaven There are many prophecies and signs specifically referenced to Ethiopia and the Ethiopian people In many verses Ethiopia is specifically addressed to come to the aid and or support prophets spreading Christianity It would be hard to overstate the impact of Ethiopia on the advancement of Christianity For example King Tirhakah the Ethiopian king of Egypt Ethiopia intervened to save Judah in the year 620 BC This event is well documented in the Bible and other ancient writings If we fast forward two thousand years we find the Ethiopian Church of today that has a membership of between 40 and 46 million Christians which make up about 60 percent of the total population of the country Ethiopia was also the first country to declare Christianity a state religion and had never been occupied by a foreign country This book will explain how God commissioned the Ethiopians to work for the kingdom of God and to spread Christianity geographically and ethically to the ends of the earth The relationship between God and the Ethiopia people represent the greatest story never told until now Writing this book was a very difficult task I relied on the Lord and his wisdom I was guided by Philippians 1 6 Being confident of this that he who began a good work in you will carry it on to completion until the day of Christ Jesus This book represents a story that needed to be told and God inspired *Adapting Gender and Development to Local Religious Contexts* Romina Istratii, 2020-10-01 This book provides a critical and decolonial analysis of gender and development theory and practice in religious societies through the presentation of a detailed ethnographic study of conjugal violence in Ethiopia Responding to recent consensus that gender mainstreaming approaches have failed to produce their intended structural changes Romina Istratii explains that gender and development analytical and theoretical frameworks are often constructed through western Euro centric lenses ill equipped to understand gender related realities and human behaviour in non western religious contexts and knowledge systems Instead Istratii argues for an approach to gender sensitive research and practice which is embedded in insiders conceptual understandings as a basis to theorise about gender assess the possible gendered underpinnings of local issues and design appropriate alleviation strategies Drawing on a detailed study of conjugal abuse realities and attitudes in two villages and the city of Aksum in Northern Ethiopia she demonstrates how religious knowledge can be engaged in the design and implementation of remedial interventions This book carefully evidences the importance of integrating religious traditions and spirituality in current discussions of sustainable development in Africa and speaks to researchers and practitioners of gender religion and development in Africa scholars of non western Christianities and Ethiopian studies and domestic violence researchers and practitioners Eastern Christianity and Politics in the

Understanding Contemporary Ethiopia Gérard Prunier, Éloi Ficquet, 2015-09-15 When we think of Ethiopia we tend to think in clichés Solomon and the Queen of Sheba the Falasha Jews the epic reign of Emperor Haile Selassie the Communist Revolution famine and civil war Among the countries of Africa it has a high profile yet is poorly known How ever all clichés contain within them a kernel of truth and occlude much more Today s Ethiopia and its painfully liberated sister state of Eritrea are largely obscured by these mythical views and a secondary literature that is partial or propagandist Moreover there have been few attempts to offer readers a comprehensive overview of the country s recent history politics and culture that goes beyond the usual guidebook fare *Understanding Contemporary Ethiopia* seeks to do just that presenting a measured detailed and systematic analysis of the main features of this unique country now building on the foundations of a magical and tumultuous past as it struggles to emerge in the modern world on its own terms Law,

Religion and Human Flourishing in Africa M. Christian Green, 2019-05-15 A shared interest of law and religion is the advancement of human flourishing yet there is no common understanding of what it means for humans to flourish and the means by which to attain a flourishing life The concept of human flourishing is especially important for Africa where community and national development compete with forces of conflict and scarce resources In the broadest sense the concept of human flourishing focuses our attention on having a comprehensively good or worthwhile life but various religious and legal traditions suggest different norms for measuring the quality of life and designing the institutional structures that could best facilitate and preserve it *Civil Society Groups and Poverty Reduction* Yamāhbarāwi ṭenāt madrak (Ethiopia).
