Critical Reflections on the Cold War Martin J. Medhurst,H. W. Brands,2000 Rhetoric and history intersected dramatically during the Cold War which was above all else a war of words This volume which combines the work of historians and communication scholars examines the public discourse in Cold War America from a number of perspectives including how rhetoric shaped history and policies and how rhetorical images invited interpretations of history The book opens with

Norman Graebner's wideranging analysis of the rhetorical background of the Cold War Frank Costigliola then parses Stalin's speech of February 1946 an address that many in the West took as a declaration of war by the USSR The development of NSC68 in 1950 often referred to as America's blueprint for fighting the Cold War is the subject of Robert P Newman's review Shawn J ParryGiles and J Michael Hogan then focus on American propaganda responses to the perceived Soviet threat H W Brands Randall B Woods and Rachel L Holloway examine the effects of liberal ideology and rhetoric on domestic and foreign policy decisions Robert J McMahon and Robert L Ivie raise the issue of what it has meant to be the leader of the Free World and what the task of postCold War rhetoric will be in this regard Scholars concerned with the role of words in public life and in the study of history will find challenging material in this interdisciplinary volume Historians speech communication scholars and political scientists with an interest in the Cold War will similarly find grist for further milling

NSC 68 and the Political Economy of the Early Cold War Curt Cardwell, 2011-06-13 NSC 68 and the Political Economy of the Early Cold War re-examines the origins and implementation of NSC 68 the massive rearmament program that the United States embarked upon beginning in the summer of 1950 Curt Cardwell reinterprets the origins of NSC 68 to demonstrate that the aim of the program was less about containing communism than ensuring the survival of the nascent postwar global economy upon which rested postwar US prosperity The book challenges most studies on NSC 68 as a document of geostrategy and argues instead that it is more correctly understood as a document rooted in concerns for the US domestic political economy
