Fort Hood List Of Training Holidays 2014:

Soft Target Hardening Jennifer Hesterman, 2018-12-07 The US government spends billions of dollars to secure strategic and tactical assets at home and abroad against enemy attack. However, as hard targets such as military installations and government buildings are further strengthened, vulnerable soft targets are increasingly in the crosshairs of terrorists and violent criminals. Attacks on crowded spaces such as churches, schools, malls, transportation hubs, and recreational venues result in more casualties and have a powerful effect on the psyche of the populace. *Soft Target Hardening: Protecting People from Attack*, Second Edition, continues the national dialogue started by the first edition by providing case studies, best practices, and methodologies for identifying soft target vulnerabilities and reducing risk in the United States and beyond. Soft target attacks steadily climbed in number and scale of violence since the first edition of this book. New tactics emerged as terrorists continually hit the reset button with each attack. In this volatile, ever-changing security environment, plans to protect people and property must be fluid and adaptable. Along with new hardening tactics such as the use of tactical deception to disguise, conceal, and divert, the author has updated the text with new case studies to reflect and respond to the fast-moving transformation in methods from more complex and organized forms of terror to simpler yet still devastating approaches. This book is a must-read for those who secure, own, and operate soft target facilities and for citizens who want to protect themselves and their families from attack. *Soft Target Hardening*, Second Edition, was named the ASIS International Security Industry Book of the Year in 2019. *Antichrist: Silent Takeover of the World and the Fight to Save It* R. W.

Curtis, 2019-05-08 Ever since the Apostle John coined the Antichrist title 2,000 years ago, it has been misidentified more often than not. This plays right into Satan's hand of disinformation and deception. Find out exactly who the Antichrist is, how the Devil has used this principle to persecute God's people, mislead mankind, and attempt to set up a clandestine New World Order to compete with Jesus upon his return. The battle of evil and good is well underway now and will culminate in the War of Armageddon. Everyone must choose which side they are on. Knowing his techniques, specific individuals he is using, and how his secret organizations operate is critical so that true Christians don't get fooled into being marked for destruction.
