Executive council,1905 **The Journal of the Ceylon Branch of the Royal Asiatic Society of Great Britain & Ireland** ,1892 **Publication** ,1905 Winston S. Churchill: Finest Hour, 1939-1941 Martin Gilbert,2019-02-12 The sixth volume in the official biography A milestone a monument a magisterial achievement Andrew Roberts author of The Storm of War Starting with the outbreak of war in September 1939 and ending with the Japanese attack on Pearl Harbor in December 1941 this volume in the epic biography of Winston S Churchill draws on remarkably diverse material from the War Cabinet and other government records to Churchill s own archive and diaries and letters of his private secretariat to the recollections of those who worked most closely with him On the day Hitler invaded Poland Churchill aged sixty four had been out of office for ten years Two days later he became First Lord of the Admiralty in charge of British naval policy and at the center of war direction In May 1940 he became prime minister leading his nation during a time of grave danger and setbacks His first year and a half as prime minister included the Dunkirk evacuation the fall of France the Battle of Britain the Blitz the Battle of the Atlantic the struggle in the Western Desert and Hitler s invasion of Russia By the end of 1940 Britain under Churchill s leadership had survived the onslaught and was making plans to continue the war against an enemy of unlimited ambition and ferocious will One of Churchill s inner circle said We who worked with Churchill every day of the war still saw at most a quarter of his daily tasks and worries Martin Gilbert has pieced together the whole setting in context much hitherto scattered and secret evidence in order to give an intimate and fascinating account of the architect of Britain s finest hour The most scholarly study of Churchill in war and peace ever written Herbert Mitgang The New York Times **Report of the Executive Council of Iowa of Expenses and Disposition of Fees and Moneys Collected of Stateofficers and Institutions ...** Iowa. Rochester (N.Y.). Common Council,1902 **Catalogue of the Library of the Engineer Department, United States Army, 1881** J. C. Lang,1881 The Backroom Boys Graeme Sligo,2013-10-05 The Backroom Boys is the remarkable but little known story of how a varied group of talented intellectuals drafted into the Australian Army in the dark days of 1942 provided high level policy advice to Australia s most senior soldier General Blamey and through him to the Government for the remainder of the war and beyond This band of academics lawyers and New Guinea patrol officers formed a unique military unit the Directorate of Research and Civil Affairs under the command of an eccentric and masterful string puller Alf Conlon The Directorate has been depicted as a haven for

underemployed poets or meddlesome soldier politicians Based on wide ranging research this book reveals a fuller and more fascinating picture The fierce conflicts in the wartime bureaucracy between public servants and soldiers in which the Directorate provided critical support to Blamey went to the heart of military command accountability and the profession of arms The Directorate was a pioneer in developing approaches to military government in areas liberated by the combat troops as demonstrated by the Australian Army in New Guinea and Borneo in 1945-46 It is an issue of enduring importance The Directorate established the Australian School of Pacific Administration and had an important role in founding the Australian National University Its influence extended into post war Australia The Backroom Boys emphasises the personality of Colonel Alf Conlon as well as the talented men and women he recruited Above all this book shows how unexpectedly the Australian Army fostered a group of men and women who made a lasting contribution to the development of Australia in the decades after the war

The Electrician, 1893 *Breaking Point* Rebecca Schwartz Greene, 2023-01-03 WINNER SOCIETY FOR MILITARY HISTORY DISTINGUISHED BOOK AWARDS FIRST BOOK This book informs the public for the first time about the impact of American psychiatry on soldiers during World War II Breaking Point is the first in depth history of American psychiatry in World War II Drawn from unpublished primary documents oral histories and the author's personal interviews and correspondence over years with key psychiatric and military policymakers it begins with Franklin Roosevelt's endorsement of a universal Selective Service psychiatric examination followed by Army and Navy pre and post induction examinations Ultimately 2.5 million men and women were rejected or discharged from military service on neuropsychiatric grounds Never before or since has the United States engaged in such a program In designing Selective Service Medical Circular No 1 psychiatrist Harry Stack Sullivan assumed psychiatrists could predict who might break down or falter in military service or even in civilian life thereafter While many American and European psychiatrists questioned this belief and huge numbers of American psychiatric casualties soon raised questions about screening's validity psychiatric and military leaders persisted in 1942 and 1943 in endorsing ever tougher screening and little else Soon families complained of fathers and teens being drafted instead of being identified as psychiatric 4Fs and Blacks and Native Americans among others complained of bias A frustrated General George S Patton famously slapped two malingering neuropsychiatric patients in Sicily a sentiment shared by Marshall and Eisenhower though they favored a tamer style Yet psychiatric rejections evacuations and discharges mounted While psychiatrist Roy Grinker and a few others treated soldiers close to the front in Tunisia in early 1943 this was the exception But as demand for manpower soared and psychiatrists finally went to the field and saw that combat itself not predisposition precipitated breakdown leading military psychiatrists switched their emphasis from screening to prevention and treatment But this switch was too little too late and slowed by a year long series of Inspector General investigations even while numbers of psychiatric casualties soared Ironically despite and even partly because of psychiatrists wartime

performance plus the emotional toll of war postwar America soon witnessed a dramatic growth in numbers popularity and influence of the profession culminating in the National Mental Health Act 1946 But veterans with PTSD not recognized until 1980 were largely neglected *The Revised Laws of the Commonwealth of Massachusetts.
